ROVERS DIDN'T SCORE

Jeannette Won the Association Game.

FIRST DEFEAT THIS SEASON

They Fought Hard, But a Combination of Good Players From the Best Clubs About Pittsburg Was Too Strong For Even the Rovers.

The Rovers met their first defeat of the season yesterday afternoon at West End park at the hands of the Jeaanette eleven, by a score of 2-0.

The teams presented an exceedingly handsome appearance when they lined up, the Rovers being attired in their new suits of light blue shirts trimmed in dark blue, with trousers of the same color, while Jeannette wore red shirts, trimmed in black, and black trousers. There was a large crowd, and as usual the railroad track was lined with spectators who are willing to watch sport of any kind, but do not feel inclined to pay for it. The officers experienced some difficulty in keeping the crowd off the field, but the order was better observed than at any former football game.

Time was called promptly at 4 o'clock with the men in the following positions:

JEANNETTE	Positions	ROVERS.
Hayton	goal	Stanway
Jones	fullbacks.	Farrell.
Mullen	fullbacks.	Pope.
Bird	halfback.	Burkett.
Gray	halfback.	Herbert.
Haley	halfback.	C. Beech.
Hutchison	forwards.	W. Beech.
Bryce	forwards.	Jones.
Dunn	forwards.	Hernan
Fyfe	forwards.	Shaw
Martin	forwards.	Brown.

The ball was kicked from the center of the field by Mayor Gilbert, and the game started with the ball in possession of Bird. Brown at once blocked his kick, and the ball rolled outside the lines. It was thrown in by Jeannette, and by successive good work rushed to a dangerous position near the Rovers' goal, but Dunn missed in attempting to send it through, and Stanway kicked out. For a short time the Rovers pushed the ball into Jeannette territory, but it was brought back and a foul by Farrell gave Gray a nice chance to send it through, but as it touched no player it was not allowed. Stanway once more kicked off, but another foul by Farrell gave Gray a chance. He kicked to Dunn, who made a straight shoot for goal, but the ball was neatly stopped by Stanway, and sent spinning down the field. It did not take the Jeannette team long to get the ball back, and in the midst of some very close play, Dunn sent it through with his head, and Jeannette had scored. The ball was started once more and in a few minutes was in the home territory, and Dunn, who was clearly offside, sent the ball through once more for a goal. This goal should not have been allowed, but the umpire was not looking. This seemed to waken the Rovers, and they began to play with a vim, pushing the ball into Jeannette territory and keeping it there for the remainder of the half. Shaw had a straight kick for goal but missed, and Hernan, who was very much in the game, sent the ball speeding toward the goal, but it hit the crossbar. In a few minutes the irresistible Hernan once more had the ball, and sent it like a shot toward the goal, but it was neatly stopped by Hayton. There was close play for a few minutes, but as usual the Rovers received the worst of it. Brown had several chances to try for goal, but did not seem to know what to do with the ball until it was too late. A foul by Hutchinson gave the Rovers an opportunity, but the ball was kicked outside, and the first half closed with the ball on Jeannette ground.

In the second half the ball was in Jeannette territory almost all the time. On one occasion it came dangerously close to the Rovers, but by the fine work of Stanway they were unable to score again. Neither side were able to score in this half, and the game was called eight minutes before time because of darkness.

It was a good game and full of interest. The Rovers had three corner kicks, but were unable to use them to advantage. The work of Dunn and Hernan made up a most pleasing feature, since both are players who know how to play. The backs of the Rovers played an unusually fine game, and had they been supported by the forwards the score would have been different. The Rovers seemed tired, and it is safe to say the next time the clubs meet the Rovers will win with the same lineup. This is the second game the Rovers have lost in two years.

HE STOPPED MOVING

When Constable Bertele Took Possession of the Piano.

Emil Pahner, proprietor of a Midway saloon, left the city not long ago to escape the consequences of his appearance before the grand jury, and since that time he has been industriously sought by local officers of the law.

Pahner probably knew of this, and has not since been seen in town. But he has not been idle. Last evening he returned, and remained during the night. Meantime he arranged to have his household effects moved to Smith's Ferry. At 5:30 this morning a Salineville teamster drove to the front of the saloon, and assisted by Pahner, loaded the wagon to overflowing with household effects. Then they drove to Smith's Ferry.

Meantime the news had been noised around, and coming to the ears of Pahner's creditors they arranged to save themselves. Squire Morley was found, and an attachment against the piano was soon arranged. An effort to capture the bar fixtures was without success since they were covered by a chattel mortgage. When the teamster returned at 9 o'clock for the second load he was surprised to find the instrument guarded by Constable Bertele who had a claim of the light company for $10, and a bill for rent from Mrs. Maggie Hyatt for $30. The constable demanded payment before he would allow another load to be moved, and the teamster drove away. The case will be heard by Squire Morley next Friday morning.

ONLY MONEY

Occupied the Attention of the Courts at Lisbon.

LISBON, Nov. 17.—[Special.]—Mrs Ewing, housekeeper of the late J. P. Temple, has sued J. J. Purinton, executor, for $1,494.50 She claims that before his death Temple prepared a paper which would have compensated her for labor as housekeeper, but he was killed in a railroad accident before it was filed. The claim has often been presented, she says, but the executor refuses to pay it.

Robert Campbell has brought suit against Thomas Barnes for $1,500, the amount of two notes.

Louisa Hendricks, of Leetonia, got judgment against E. H. Cowden for $668.17. A note based the action.

Kate Garver, of Salem, got judgment by confession against A. Deville for $571.

John Stutler, of Salem, was declared insane by Judge Young, and was committed to the infirmary until he can be sent to Newburg.

HE STUDIED ARMENIA.

H. H. VanMeter Places the Guilt Where It Belongs.

H. H. VanMeter, who is well known in this city because of his connection several years ago with the Standard Pottery company and the Porter Brick company, has been devoting much of his time to studying the situation in Armenia and the causes which brought about the present deplorable condition. Mr. VanMeter resides in Chicago, and yesterday gave to the papers of that city the result of his research. He places the responsibility for the awful massacres at the door of Labanoff, the late Russian minister, and declares that the half will never be told. The article is exhaustive, and deals with every phase of the troublesome question.

NOT LEGAL.

Mr. Peake Finds a Defect In the Old Franchise.

Councilman Peake, while waiting at city hall last evening, expressed himself as not being in favor of the street railway ordinance, and said he would not have voted for it had he been present at the meeting. He was then told that he was in council when the other railway franchise was granted, and believed in giving the right of way for nothing. To this Mr. Peake replied:

"That old franchise is not legal. It was passed at a special meeting, and it should have been passed at a regular meeting. The ordinance is not on the minute book the way it was passed, anyhow."

EXPECTING NEWS.

George Carey Thinks He Will Hear From Philadelphia.

George Carey has not yet received any word from Philadelphia club, and has never seen a glimpse of a contract. Now that the meeting of the league directors at Chicago is finished he is of the opinion he will hear something definite in a short time.

IT'S RIGHT UP TO DATE

The Ohio Valley Business College Prospers.

THE DIFFERENT DEPARTMENTS

Give an Opportunity For an Excellent Education—The Night School and How It Is Conducted—A Few Words About Professor Cooper's Institution.

Much might be said in favor of this pioneer school, which was organized several years ago by Mr. Fowler, and since it recently changed hands a brief description of it may not be out of order.

The college occupies the entire third floor of the Porter building. The visitor is at once impressed by the neat and and nicely furnished office of the president of the college, Prof. J. F. Cooper. Neatly lettered doors direct you to the main rooms. As you enter, the left is the short hand department, convenient tables, blackboards and all modern appliances. Between the shorthand and business department is a neatly constructed suit of actual business offices, the most important being the college bank, commission house, business emporium and college express office; in fact, everything necessary, including a complete equipment for instruction in telegraphy. The business, shorthand and English training rooms are large, commodious, well lighted, ventilated and have steam heat throughout. In fact nothing is wanted, as all has been arranged for a modern, up-to-date business, shorthand, penmanship, telegraphy and English training school.

Professor Cooper takes pride in his night school, which certainly is a boon to the city. It gives those who are unable to attend during the day the advantages of a good education. They have same instruction as in the day, all individual instruction, therefore it is not embarrassing to anyone who are back in their studies.

A word in reference to the faculty. Professor Cooper, the popular president, purchased the college and good will of Messrs. Steele & Hart last June. Professor Cooper spent four years at the celebrated normal school at Volant, Pa., and is also a graduate of one of America's leading business colleges and is an expert accountant. He has had years of experience as a teacher, and is one of America's ablest penmen. Blanche E. Cooper, court reporter, has full charge of the shorthand and typewriting department. Without words, signs or phrases she can write 200 words per minute, and has no peer as an instructor. Prof. George N. Butcher, formerly general traveling agent of Chesapeake & Ohio railroad, and past special deputy great sachem, Independent order of Red Men of Ohio and recently manager of Butcher business college, Beaver Falls, Pa., is the business manager. Hon. A. W. Stevenson is the lecturer on commercial law. The telegraph department is in charge of a competent instructor. We take pleasure in recommending the Ohio business college to all who desire a first class business education.

IN NEW QUARTERS.

The Potters' Building and Loan Rented a Prominent Place.

The directors of the Potters' Building and Savings company last evening leased the Odd Fellows' block at the corner of Fifth and Washington streets for a period of 10 years. The building will be thoroughly remodeled, a vault will be built, and every preparation made to make of it a first-class office room. Work will be commenced immediately, and the architect was busy this morning preparing the plans. The lease of the quarters is directly due to the result of the recent election.

DRUNK AS LORDS.

A Remarkable Pair Wandered In the Streets.

A remarkable performance was seen by many persons on Washington street last night. Brim full of that which made them forget about river water, a pair of individuals demonstrated their ability to occupy both sides of the street at one time. One imagined the gutter was a downy couch, and repeatedly lay down, but his partner in booze argued against it, and rolling along, they eventually disappeared in Fourth street.

THE REFORM SCHOOL

Will Soon Shelter a Number of Liverpool Boys.

Truant Officer Beardmore filed a complaint before Mayor Gilbert this morning against Leonard Bradley who is charged with being incorrigible. The lad is beyond control of his parents, and together with the Feustel lads will probably be sent to the Lancaster reform school.

SOLD THE BONDS.

Six Bidders Wanted the City's New Paper.

Clerk Hanley opened the bids for $22,448 in bonds at city hall today, and found six concerns anxious to lend the city what money it needed. The bids were as follows:

Lamfrecht, Bros & Co., Cincinnati, $126; W. J. Hayes & Son, Cincinnati, $585; Spitzer & Co., Toledo, $101.76; Seasongood. Meyer & Co., Cincinnati, $780; First National bank, par; R. Klaybolt & Co., Cincinnati, $232.

The bid of Hayes & Son was not accepted because they wanted an option from Dec. 1 to March 15 with interest, with the privilege of refusing to buy the bonds if they did not want to take them. No certified check accompanied the bid of Klaybolt & Co., and it was not considered. The bonds went to Lamfrect Bros & Co. A provision was made allowing council to reduce a little the amount of bonds.

NO MEETING.

The Board of Improvements and Light Committee Didn't Gather.

The board of improvements and light committee failed to meet last evening. When the time came to call the meeting to order the only people present were Mayor Gilbert, of the board, and Stewart and Peake, of the committee. An attempt will be made to get the members together Wednesday evening, as it is very important something be done with the light question before the next regular meeting of council.

WITH THE SQUIRES.

They Have Work to Do, and Plenty of It.

A. W. King has entered suit in the court of Squire Morley against Philip Blinckerstein to recover a bill of $13.32 In the same court W. O. Hamilton has commenced action against Jud Frederick for $12, balance claimed due on account. Both cases will be heard on Friday. The case of W. O. Hamilton against Charles Smith for the recovery of a small amount was postponed from yesterday until tomorrow.

ENCOURAGING.

Only One New Case of Diphtheria In Town Today.

The first new case of diphtheria since last Friday was reported to the health officer this morning. The afflicted party is a child of John Shay, Fourth street. The other cases in the city are recovering. The house of Thomas Wright, Second street, was fumigated this morning. The afflicted ones in California hollow are out of danger and much better.

A CHEAPER GROUND

Must Be Found For Burying Dead Animals.

Humane Agent Lloyd is still searching for a place to bury dead animals. He decided the river beach below the ball park would be a good place, but upon investigation discovered the owner of the ground only wanted $3 a head for every animal buried there. The officer will find a cheaper burying ground.

MORE DIPHTHERIA.

It Has Appeared In Hammondsville and Irondale.

Parties coming from beyond Wellsville today say that diphtheria has appeared at Hammondsville and Irondale. The disease seems to be dangerous in the first named place, but it is thought a case of tonsillitis has been mistaken for diphtheria at Irondale. Precautions have been taken to keep the disease from spreading.

A RECEPTION.

The Senior Class Will Entertain the Board and Teachers.

The senior class of the high school will entertain the members of the board of education and the teachers at Central building next Friday evening. The preparations now being made provide for a pleasant occasion, and more particular will be its success as it is intended as the first of a series of entertainments.

THE NEW POTTERY.

Mayer Bros. Will Build It of Iron and Brick.

Work is to be commenced in a few days on the new plant of the Mayer company at Beaver Falls, to replace the factory destroyed by fire a few weeks ago. The new buildings will be fire proof, built of iron and brick, and will provide ample room for a much larger force than was employed before the fire.

It Rained In the Hollow.

Near the California pottery this morning the rain came down in torrents, and people who were driving out that way got soaking wet.

MR. HOGG HAS A WORD

The Senatorial Fight Is on In Full Tilt.

COLUMBIANA FOR GOV. BUSHNELL

Or There Will Be All Kinds of War, He Thinks—Other Counties Will Object Unless This Program Is Carried Out—Congressman Tayler's Position.

The political pot has commenced to bubble and boil a little earlier than usual. Hon. C. M. Hogg, who represented this district in the senate last year, was interviewed in Columbus the other day, and said:

"The senatorial fight is on in full tilt in my district. Under a time honored rule the nomination should go to Columbiana county this time, as each county takes the office in rotation, and it is Columbiana's turn. The Foraker men are already in the field hustling like beavers for a senator who will vote for Bushnell for the honor which the governor is seeking. Some of them are getting ugly, and have declared that unless Columbiana county agrees to send a Bushnell man to the legislature they will prevent the nomination going to her. This has made the Sherman men hot under the collar, and I was told that there would be a meeting next week of the senator's supporters to take steps to meet the enemy and overcome them."

"The district," the correspondent adds, "is made up of Harrison, Columbiana, Jefferson and Belmont counties. It is said that there should not be much trouble in Sherman getting not only the senator but the representatives from at least three of the counties. One of the stumbling blocks has been Congressman R. W. Tayler, of Columbiana, who, while nominated by the McKinley people, has been aiding and abetting the opposition. He turned up in the convention last March in this capacity, and the Sherman brigade is a little sore on him. His congressional district takes in Stark county, the home of the president-elect, and this may cause him to be a little more tractable."

HEART TROUBLE

Caused the Death of Mrs. Phoebe Roberts in West End.

Mrs. Phoebe Roberts died at the home of her daughter, Mrs. George Smith, in West End, this morning. She had been ill for a long time, heart trouble and a complication of diseases being the cause. Mrs. Roberts was a sister of John W. Croxall, and had a sister in Australia and another in Covington, Ky. Two daughters, Mrs. Smith and Mrs. George Beggs, reside in this city. Throughout the long weeks of sickness Mrs. Roberts was patient, and only awaited the end which she knew would soon come. Deceased was 69 years old.

The funeral will take place from St. Stephen's church, Thursday afternoon, at 2 o'clock. Reverend O'Meara will conduct the services. Those who wish to view all that is mortal of Mrs. Roberts are requested to call at her late home before the remains are taken to the church.

MARRIED LAST NIGHT.

William Hughes and Miss Henrietta Eggins United For Life.

Mr. William Hughes and Miss Henrietta Eggins were united in marriage last evening by Rev. Charles O'Meara, of St. Stephen's church. The ceremony was performed in the presence of a large circle of friends at the home of the groom between Third and Fourth streets. Mr. Hughes is a well known turner at the Sebring pottery. The bride but recently arrived in this country from Burslem. A number of beautiful presents were received, and all present sat down to a bounteous supper.

A Mild Case.

Sanitary Policeman King fumigated the house of Thomas Wright on Second street. The case of diphtheria in this family was mild, and the patient soon recovered. Before the quarantine was removed, it was reported by responsible parties that the house was being visited by friends of the family. Wright denied it.

Lost His Money.

While unloading hay from a wagon this morning a farmer dropped two silver dollars in the hay, and although he searched for a long time he was unable to find the money. He remarked it was like looking for a needle in a hay stack.

Caused by an Error.

The case of C. W. Roe against Mr. Biers for $35.76 was dismissed without prejudice this morning by Squire Morley because some of the papers were not legal.

The Women's Relief corps today shipped a large box of jelly and fruits to the soldiers' home at Sandusky. They send a box to the home for Thanksgiving every year.

Give an Opportunity For an Excellent Education—The Night School and How It Is Conducted—A Few Words About Professor Cooper's Institution.

Much might be said in favor of this pioneer school, which was organized several years ago by Mr. Fowler, and since it recently changed hands a brief description of it may not be out of order.

The college occupies the entire third floor of the Porter building. The visitor is at once impressed by the neat and and nicely furnished office of the president of the college, Prof. J. F. Cooper. Neatly lettered doors direct you to the main rooms. As you enter, the left is the short hand department, convenient tables, blackboards and all modern appliances. Between the shorthand and business department is a neatly constructed suit of actual business offices, the most important being the college bank, commission house, business emporium and college express office; in fact, everything necessary, including a complete equipment for instruction in telegraphy. The business, shorthand and English training rooms are large, commodious, well lighted, ventilated and have steam heat throughout. In fact nothing is wanted, as all has been arranged for a modern, up-to-date business, shorthand, penmanship, telegraphy and English training school.

Professor Cooper takes pride in his night school, which certainly is a boon to the city. It gives those who are unable to attend during the day the advantages of a good education. They have same instruction as in the day, all individual instruction, therefore it is not embarrassing to anyone who are back in their studies.

A word in reference to the faculty. Professor Cooper, the popular president, purchased the college and good will of Messrs. Steele & Hart last June. Professor Cooper spent four years at the celebrated normal school at Volant, Pa., and is also a graduate of one of America's leading business colleges and is an expert accountant. He has had years of experience as a teacher, and is one of America's ablest penmen. Blanche E. Cooper, court reporter, has full charge of the shorthand and typewriting department. Without words, signs or phrases she can write 200 words per minute, and has no peer as an instructor. Prof. George N. Butcher, formerly general traveling agent of Chesapeake & Ohio railroad, and past special deputy great sachem, Independent order of Red Men of Ohio and recently manager of Butcher business college, Beaver Falls, Pa., is the business manager. Hon. A. W. Stevenson is the lecturer on commercial law. The telegraph department is in charge of a competent instructor. We take pleasure in recommending the Ohio business college to all who desire a first class business education.

IN NEW QUARTERS.

The Potters' Building and Loan Rented a Prominent Place.

The directors of the Potters' Building and Savings company last evening leased the Odd Fellows' block at the corner of Fifth and Washington streets for a period of 10 years. The building will be thoroughly remodeled, a vault will be built, and every preparation made to make of it a first-class office room. Work will be commenced immediately, and the architect was busy this morning preparing the plans. The lease of the quarters is directly due to the result of the recent election.

DRUNK AS LORDS.

A Remarkable Pair Wandered In the Streets.

A remarkable performance was seen by many persons on Washington street last night. Brim full of that which made them forget about river water, a pair of individuals demonstrated their ability to occupy both sides of the street at one time. One imagined the gutter was a downy couch, and repeatedly lay down, but his partner in booze argued against it, and rolling along, they eventually disappeared in Fourth street.

THE REFORM SCHOOL

Will Soon Shelter a Number of Liverpool Boys.

Truant Officer Beardmore filed a complaint before Mayor Gilbert this morning against Leonard Bradley who is charged with being incorrigible. The lad is beyond control of his parents, and together with the Feustel lads will probably be sent to the Lancaster reform school.

SOLD THE BONDS.

Six Bidders Wanted the City's New Paper.

Clerk Hanley opened the bids for $22,448 in bonds at city hall today, and found six concerns anxious to lend the city what money it needed. The bids were as follows:

Lamfrecht, Bros & Co., Cincinnati, $126; W. J. Hayes & Son, Cincinnati, $585; Spitzer & Co., Toledo, $101.76; Seasongood, Meyer & Co., Cincinnati, $780; First National bank, par; R. Klaybolt & Co., Cincinnati, $232.

The bid of Hayes & Son was not accepted because they wanted an option from Dec. 1 to March 15 with interest, with the privilege of refusing to buy the bonds if they did not want to take them. No certified check accompanied the bid of Klaybolt & Co., and it was not considered. The bonds went to Lamfrect Bros & Co. A provision was made allowing council to reduce a little the amount of bonds.

NO MEETING.

The Board of Improvements and Light Committee Didn't Gather.

The board of improvements and light committee failed to meet last evening. When the time came to call the meeting to order the only people present were Mayor Gilbert, of the board, and Stewart and Peake, of the committee. An attempt will be made to get the members together Wednesday evening, as it is very important something be done with the light question before the next regular meeting of council.

WITH THE SQUIRES.

They Have Work to Do, and Plenty of It.

A. W. King has entered suit in the court of Squire Morley against Philip Blinckerstein to recover a bill of $13.32 In the same court W. O. Hamilton has commenced action against Jud Frederick for $12, balance claimed due on account. Both cases will be heard on Friday. The case of W. O. Hamilton against Charles Smith for the recovery of a small amount was postponed from yesterday until tomorrow.

ENCOURAGING.

Only One New Case of Diphtheria In Town Today.

The first new case of diphtheria since last Friday was reported to the health officer this morning. The afflicted party is a child of John Shay, Fourth street. The other cases in the city are recovering. The house of Thomas Wright, Second street, was fumigated this morning. The afflicted ones in California hollow are out of danger and much better.

A CHEAPER GROUND

Must Be Found For Burying Dead Animals.

Humane Agent Lloyd is still searching for a place to bury dead animals. He decided the river beach below the ball park would be a good place, but upon investigation discovered the owner of the ground only wanted $3 a head for every animal buried there. The officer will find a cheaper burying ground.

MORE DIPHTHERIA.

It Has Appeared In Hammondsville and Irondale.

Parties coming from beyond Wellsville today say that diphtheria has appeared at Hammondsville and Irondale. The disease seems to be dangerous in the first named place, but it is thought a case of tonsillitis has been mistaken for diphtheria at Irondale. Precautions have been taken to keep the disease from spreading.

A RECEPTION.

The Senior Class Will Entertain the Board and Teachers.

The senior class of the high school will entertain the members of the board of education and the teachers at Central building next Friday evening. The preparations now being made provide for a pleasant occasion, and more particular will be its success as it is intended as the first of a series of entertainments.

THE NEW POTTERY.

Mayer Bros. Will Build It of Iron and Brick.

Work is to be commenced in a few days on the new plant of the Mayer company at Beaver Falls, to replace the factory destroyed by fire a few weeks ago. The new buildings will be fire proof, built of iron and brick, and will provide ample room for a much larger force than was employed before the fire.

It Rained In the Hollow.

Near the California pottery this morning the rain came down in torrents, and people who were driving out that way got soaking wet.

MR. HOGG HAS A WORD

The Senatorial Fight Is on In Full Tilt.

COLUMBIANA FOR GOV. BUSHNELL

Or There Will Be All Kinds of War, He Thinks—Other Counties Will Object Unless This Program Is Carried Out—Congressman Tayler's Position.

The political pot has commenced to bubble and boil a little earlier than usual. Hon. C. M. Hogg, who represented this district in the senate last year, was interviewed in Columbus the other day, and said:

"The senatorial fight is on in full tilt in my district. Under a time honored rule the nomination should go to Columbiana county this time, as each county takes the office in rotation, and it is Columbiana's turn. The Foraker men are already in the field hustling like beavers for a senator who will vote for Bushnell for the honor which the governor is seeking. Some of them are getting ugly, and have declared that unless Columbiana county agrees to send a Bushnell man to the legislature they will prevent the nomination going to her. This has made the Sherman men hot under the collar, and I was told that there would be a meeting next week of the senator's supporters to take steps to meet the enemy and overcome them."

"The district," the correspondent adds, "is made up of Harrison, Columbiana, Jefferson and Belmont counties. It is said that there should not be much trouble in Sherman getting not only the senator but the representatives from at least three of the counties. One of the stumbling blocks has been Congressman R. W. Tayler, of Columbiana, who, while nominated by the McKinley people, has been aiding and abetting the opposition. He turned up in the convention last March in this capacity, and the Sherman brigade is a little sore on him. His congressional district takes in Stark county, the home of the president-elect, and this may cause him to be a little more tractable."

HEART TROUBLE

Caused the Death of Mrs. Phoebe Roberts in West End.

Mrs. Phoebe Roberts died at the home of her daughter, Mrs. George Smith, in West End, this morning. She had been ill for a long time, heart trouble and a complication of diseases being the cause. Mrs. Roberts was a sister of John W. Croxall, and had a sister in Australia and another in Covington, Ky. Two daughters, Mrs. Smith and Mrs. George Beggs, reside in this city. Throughout the long weeks of sickness Mrs. Roberts was patient, and only awaited the end which she knew would soon come. Deceased was 69 years old.

The funeral will take place from St. Stephen's church, Thursday afternoon, at 2 o'clock. Reverend O'Meara will conduct the services. Those who wish to view all that is mortal of Mrs. Roberts are requested to call at her late home before the remains are taken to the church.

MARRIED LAST NIGHT.

William Hughes and Miss Henrietta Eggins United For Life.

Mr. William Hughes and Miss Henrietta Eggins were united in marriage last evening by Rev. Charles O'Meara, of St. Stephen's church. The ceremony was performed in the presence of a large circle of friends at the home of the groom between Third and Fourth streets. Mr. Hughes is a well known turner at the Sebring pottery. The bride but recently arrived in this country from Burslem. A number of beautiful presents were received, and all present sat down to a bounteous supper.

A Mild Case.

Sanitary Policeman King fumigated the house of Thomas Wright on Second street. The case of diphtheria in this family was mild, and the patient soon recovered. Before the quarantine was removed, it was reported by responsible parties that the house was being visited by friends of the family. Wright denied it.

Lost His Money.

While unloading hay from a wagon this morning a farmer dropped two silver dollars in the hay, and although he searched for a long time he was unable to find the money. He remarked it was like looking for a needle in a hay stack.

Caused by an Error.

The case of C. W. Roe against Mr. Biers for $35.76 was dismissed without prejudice this morning by Squire Morley because some of the papers were not legal.

EAST LIVERPOOL O., TUESDAY, NOV. 17.

All the news in the NEWS REVIEW.

IF wars were as numerous as rumors of wars our Uncle Samuel and Spain would soon be in each other's hair.

THE Hon. David B. Hill has spoken, and strangest of all he neglected to tell the interviewer that he was a Democrat.

THE Cleveland banquet developed that Mark Hanna can make a speech almost as well as he can conduct a campaign.

THE Spanish general Weyler must fight or go home, and Weyler seems to have decided on the first part of the proposition.

MR. BRYAN is modest. He told a reporter he would continue to work for silver, but he did not want to be looked upon as a leader.

IF they would place patriotism above party, the Bryanite organs must cease their prating. They cannot howl calamity, and expect to be observed as friends of the country.

IT now looks as though the sound money men will not only control the senate after March 4, but that a little protective tariff can go along with that contemplated revenue measure.

A LIST of the people who have congratulated Major McKinley takes up three columns in the Canton Repository, and the name of this city is found as often, if not oftener, than any other.

OVER in Pennsylvania they are testing the constitutionality of a law which does not allow the giving of false information to a newspaper. What a blessing a similar statute would be in Ohio.

COUNTING between the first elector on the Republican ticket and first elector on the Democratic ticket, the Republican plurality is 50,109. Not so bad for Ohio when that fusion is considered.

MR. ALTGELD has been kind enough to say that he desires no office within the gift of man. That settles the question of his public career. If he can't get it here, he stands mighty little chance of getting it on the other side.

THEY have good sense in Mahoning county. A few years ago the best road to the Trumbull line was in the winter season a sea of mud, but it has been piked, and now they propose to improve other roads. It does not cost a great deal, and the benefit is incalculable.

ONLY GOOD MEN NEED APPLY.

The election of a representative in this county next November makes it necessary for the Republicans to place nothing but the best available timber in nomination at the spring primaries. The position, always important because of the power placed in the hands of the senate and house of representatives, is if anything more important this year than usual. The next legislature will elect a United States senator, and it is but right that Mr. Foraker be given a companion in the senate who will represent Ohio, and not spend the best part of his time showing the world of Washington his wealth. He should be a man who will not think so little of his state that he will want to live in some other, or so little of his constituents that he will never give their needs a second thought. Columbiana is a big county, and its varied interests and and large population are deeply interested in what is done for or against them by their representatives. The next member of the legislature should show their sentiment in this matter, and he should therefore be a trusted man, one who can be depended upon to keep his campaign promises.

A BANQUET TO HANNA.

Cleveland's Most Exclusive Club Showed Him Honor.

CLEVELAND, Nov. 17.—Chairman M. A. Hanna of the Republican national committee was tendered a complimentary banquet last night at the Union club. The affair was planned by some of Mr. Hanna's close friends and warm admirers who are members of the club and the invitations were limited to members of the organization, which is the most exclusive in the city. The arrangements were on an elaborate scale, the floral decorations being among the finest ever seen in this city.

Colonel Myron T. Herrick presided and acted as toastmaster and addresses of a complimentary nature were delivered by Judge William B. Saunders, Hon. James H. Hoyt, Edwin R. Perkins, S. H. Holding, Samuel Mather, James R. Garfield and Samuel D. Dodge of this city and Hon. J. H. Reed of the Pittsburg Sound Money club. Mr. Hanna made a happy response to these addresses.

Mr. Hanna said that two years ago, when the campaign was undertaken for McKinley's nomination, the major said to him:

"Mark, there are some things I will not do to be president of the United States, and I leave my honor in your hands."

Continuing, Mr. Hanna referred to the result of the St. Louis convention and said:

"When I took charge of McKinley's honor, I swore to my Maker that I would return it unsullied, and when I returned from that memorable convention, proud and satisfied with the work his friends had done, I went to Canton and laid my report at the feet of my chieftain, and I said to him:

"'McKinley, I have not forgotten my trust, and bring it back without a blot and not a single promise to redeem.'"

B. AND O. ANNUAL MEETING.

The Report Shows the Road Is Getting In Good Shape.

BALTIMORE, Nov. 17.—The annual meeting of the stockholders of the Baltimore and Ohio railroad has been held here. Reverdy Johnson of Baltimore acted as chairman. The annual report of President Cowan was read and adopted and the following directors were elected:

From Batlimore—William F. Frick, James L. McLain, George C. Jenkins, Alex. Shaw, George A. Von Lingen, Maurice Gregg, William H. Blackford. From New York—General Lewis Fitzgerald, Eugene Delano, Edward R. Bacon, William A. Read, Howland Davis.

The total earnings for the year were $23,944,781, an increase over the previous year of $1,127,599. Net earnings $7,330,359. The operating expenses increased $1,782,376, the total being $17,583,420. The real fixed charges of the property were earned. Payments have been made to retire bonded and other indebtedness, as follows:

Principal car trust bonds, $250,000; principal equipment trust bonds, series B., $200,000; Wheelage car trust payments, $133,777; payment to the city of Baltimore for the purchase of its interest in the Pittsburg and Connellsville railroad, $40,000; cash appropriation to sinking fund, $58,057; Somerset and Cambria railroad traffic bonds, $13,000. Total, $694,834.

The tonnage moved on the entire system during the year 1896 was 17,861,927, the largest in the history of the company.

Will Support Hitt.

CHICAGO, Nov. 17.—W. O. Lamonte has announced that he will vote for Congressman Hitt as the successor of United States Senator Palmer. Lamonte was elected to the legislature from the district in which resides Martin B. Madden, one of the leading Chicago asprirants for the senatorship.

Voorhees Able to Be Up.

TERRE HAUTE, Ind., Nov. 17.—United States Senator Voorhees is circulating among his old friends daily and gives promise of a speedy restoration to his old time vigor. He expects to return to Washington within the next two weeks.

A Suggestion to McKinley.

WASHINGTON, Nov. 17.—The National Grange has adopted a resolution in favor of the appointment of a practical farmer for secretary of agriculture and appointed a committee to draft a memorial to Mr. McKinley expressing the views of the grange.

St. John Said to Be Alive.

GUTHRIE, O. T., Nov. 17.—It is declared that Harry St. John, son of ex-Governor St. John, who murdered his wife, and whose death was afterward announced, has been seen in Kansas City. The doctors and undertakers alone saw him after death was announced.

Mayor Gleason Arrested.

NEW YORK, Nov. 17.—Mayor J. P. Gleason of Long Island has been arrested, indicted on a charge of violating the election law in ignoring the Jeffersonian party in the appointment of inspectors He gave $1,000 bond.

Sore Throat or Tonsilitis.

This disease is found most frequently in young persons.

The symptoms are a chilly feeling with more or less aching pains in the back and limbs.

The fever rises very rapidly, especially the evening of the first day. The patient complains of soreness of the throat and difficulty in swallowing.

On examination, the tonsils are seen to be swollen and usually covered with little white points or spots about as large as a pin head. At times the tonsils are only very red and free from spots. The duration of the disease is from three to ten days.

TREATMENT: Give patient a brisk cathartic, keeping the bowels free all the time. Apply applications of some kind to the throat and give Tonsiline in doses of from a teaspoonful for an adult, down to five or ten drops for small children, as directed in table of doses. Using Tonsiline as a gargle—Tonsiline one part, water three parts—every half hour will hasten recovery. Children sometimes complain of severe earache, which can best be eased by dropping warm sweet oil into the ear every hour or two until relieved. Tonsiline is sold by all dealers. Two sizes, 25 and 50 cents.

WEYLER MUST FIGHT.

Will Be Recalled If He Don't Whip the Rebels.

CLEVELAND AWAITS THE RESULT.

If the Captain General Is Defeated, the President May Grant the Rebels Recognition—Consul General Lee Again Confers With Secretary Olney.

WASHINGTON, Nov. 17.—It is learned here on good authority that the Spanish government has given General Weyler to understand that he must push his operations against the insurgents aggressively and vigorously. Unless he soon achieves a decisive victory over the Cubans, it is believed he will be recalled. General Weyler, it is understood, is aware of the alternative and his present campaign in Pinar del Rio is expected to result in an engagement that will put a new aspect on the Cuban situation one way or the other. The campaign therefore has become to him a personal matter, and with the knowledge that his prestige and rank are at stake, the Havana cables are being watched with interest for news of more important battles than the skirmish and guerilla fights that thus far have come by way of them.

General Weyler has all troops that he can use. There are over 200,000 Spanish soldiers in Cuba and the force under the Captain General in his present operations in the field in person is over 60,000 men. Maceo, against whom he is now operating, has under him, it is estimated, about 7,000 men. Spain having fulfilled all of General Weyler's wishes as to troops now expects results from him. Consul General Lee has acquainted the administration with these facts and the president is at present simply awaiting events and will shape his course by the developments.

It is the hope of General Weyler that he will be able to score a decided victory before the assembling of congress Dec. 7. Spain fears averse action by that body soon after it meets, and has urged General Weyler to demonstrate his ability to crush the rebellion within the next two weeks if possible.

In view of the fact that Spain is now making a strong and almost supreme effort to subdue her insurgent colony, and that a crisis apparently is at hand, the president will delay writing that part of his forthcoming message on the Cuban situation until the last moment before the meeting of congress. The position the administration will take with reference to Cuba in this message of the chief magistrate will be largely determined by the news received before Dec. 7. Should the news be favorable to the success of the Spanish arms it is probable that the president would continue to pursue his policy of non-interference; should it, on the other hand, be distinctly favorable to the insurgent cause, and especially if it should happen that Weyler were defeated, Mr. Cleveland, it is possible, might no longer hesitate to recommend the recognition of their rights as belligerents or some other action equally undesirable to Spain.

What action would follow a simply negative result of the campaign, that is a fruitless chase after the insurgents by General Weyler is less clear. Probably the administration's course would be influenced in some measure at least by what representations Spain made as to the policy it would pursue, and the instructions given her new captain general in the event that Weyler were summoned home. Therefore, it is felt here that the most important Cuban news may be expected to come from Cuba are not from Washington.

General Fitzhugh Lee, consul general to Cuba, called at the state department and was with Secretary Olney for half an hour. So far as could be learned there was no special significance in the visit beyond a further general discussion of the situation in Cuba. Reports continue to come from the acting consul general at Havana, and several of these were looked over and later taken by General Lee for a fuller perusal.

The state department has received no reports as to the reported serious engagement outside of Havana.

In connection with General Lee's call on Secretary Olney it is said that the consul general, before returning to Havana, will pay a visit to West Point to see his son there, and that unless present plans are changed Mrs. Lee will accompany him on his return to Havana. The latter fact is taken to indicate that the general does not regard the Havana situation as perilous to Americans.

ABUSED BY SPANIARDS.

They Mistook Shipwrecked British Sailors For Filibusters.

NEW YORK, Nov. 17.—Among the passengers who arrived on board the Ward line steamer Yucatan from Havana were Captain Nelson and 12 of the crew of the British steamer Coila, which ran ashore on Colorado reef on Nov. 4. Later the steamer got off into deep water and Captain Nelson attempted to run her across the strait to Key West, but the water gained so rapidly that they abandoned the steamer which shortly afterward sank in deep water.

The shipwrecked seamen landed on the Cuban coast about 60 miles west of Havana, where they fell into the hands of Spanish soldiers. The Spaniards believing them to be filibusters from the American coast treated the prisoners harshly, threatening to shoot all hands. Finally they were removed to Havana, where they were taken in charge by British consul, who sent them to New York.

The Spanish Loan Taken.

MADRID, Nov. 17.—The government loan of 250,000,000 pesetas has been greatly oversubscribed.

Clay Named For Senator.

ATLANTA, Nov. 17.—Alexander Stephens Clay of Cobb county, chairman of the Democratic state executive committee and ex-president of the state senate, has been nominated for United States senator to succeed John B. Gordon, by the Democratic legislature caucus.

Not Censured by the Pope.

ST. PAUL, Nov. 17.—Archbishop Ireland denies that he has been summoned to Rome or been censured by the pope.

BOUTELLE A CALLER.

Mrs. McKinley Well Enough to Take a Drive With the Major.

CANTON, O., Nov. 17.—Major McKinley has had a great many callers and was kept busy greeting them. His mail, too, was quite heavy, and an hour or two was spent in answering correspondents. The president-elect received Congressman Charles A. Boutelle and had a long talk with him

Mrs. McKinley has greatly improved in health and took a drive with Major McKinley about the city. Both returned much refreshed by the drive.

President-elect McKinley is the recipient of two handsome specimens of the Black Hill species of the American eagle. They came in a large crate, and were sent by the admirers of Major McKinley from Whitewood, S. D. Placards on the crate bore the inscriptions: "Look out for Mark when he reaches out for anything; the tail goes with the hide." The birds are named "Mark" and "Hanna" respectively. The eagles now adorn City park, having been added to the collection of pets in charge of Superintendent Reed.

United States Senator John Sherman of Ohio has just written Major McKinley in which he said: "The greatest beneficiaries of the result of the election are the people of the United States. You will enter upon your great office with the most hopeful promises of success and I confidently believe you will meet and perform your important duties to the satisfaction of the conservative people of the United States."

HORSE SHOW IN CLEVELAND.

President-Elect McKinley May Attend the Event.

CLEVELAND, Nov. 17.—The last detail has been completed in connection with the opening of the Cleveland horse snow, which begins at the Central armory this evening. The big barren building has been very tastefully decorated and the plan of the interior completely changed. The body of the building has been transformed into a horse ring, while at either end of the balcony rows of boxes have been arranged, which will furnish accommodations for the wealth and beauty of the city.

Society has indicated that it will attend the show in its full strength. Nearly every box has been taken for the week and the purchasers represent the leaders of society in the city. President-elect McKinley and wife, M. A. Hanna and many other distinguished persons are among those who have signified their intention of attending. Elaborate preparations have been going on for weeks and thousands of dollars have been expended in the perfecting of the ring, the seating arrangements and the making up of the prize lists. The celebrated horses entered for the occasion are legion and the success of the affair is assured in advance.

A PASTOR WILL RESIGN.

Brilliant Young Clergyman to Study New Healing Cure.

HAMILTON, O., Nov. 17.—Rev. Mason W. Pressler, pastor of the United Presbyterian church of this city, a brilliant and popular young clergyman, will resign his pastorate Jan. 1 to take up the study of the new healing science of osteopathy at the original sanitarium in Missouri.

Mr. Pressler's interest in the new treatment grew out of the wonderful cure it worked on his wife, one of whose legs was about to be amputated for a decay or the bone. He has since evinced a remarkable interest in the treatment, but his step occasioned great surprise among his parishioners and friends.

It is the same treatment that Mrs. J. B. Foraker and other prominent Cincinnati ladies are employing, Mrs. Foraker's 4-year-old son having been greatly benefited at the Missouri sanitarium.

HOTEL MANAGER ARRESTED.

A Hostelry at Kenton Fired Four Times In Two Weeks.

KENTON, O., Nov. 17.—The fire department has been summoned twice to extinguish conflagrations at the Reese hotel, not more than one hour apart. This is the fourth attempt in the last two weeks, and the insurance people have employed detectives to unraval the mystery.

The result of their investigations was the arrest of T. C. Van Kirk, the manager of the hotel. Coal oil cans and shavings have been found near mattresses. He was released on bail of $10,000 and will be arraigned for preliminary trial tomorrow. Mrs. Reese and other boarders have employed three special police to watch the house night and day.

TWO PEOPLE KILLED.

They Were Walking on a Railroad Track at Cincinnati.

CINCINNATI, Nov. 17.—J. P. Carpenter, one of the largest lumber dealers of this city and a resident of Covington, Ky., and D. H. Lyons, a prominent architect of this city, have been killed.

They were walking along the double tracks of the Cincinnati, Lebanon and Northern railway talking about business when they were caught by trains going in opposite directions and in their confusion both were killed.

Found a Body In Bits.

CHILLICOTHE, O., Nov. 17.—While at work in a cornfield Daniel Clark uncovered a grave containing human flesh cut up into small bits and supposed to be that of a child. The flesh had been devoured by hogs. A mysterious man with a box in his arms was seen in the field the night before the remains were found. The police are investigating.

Reduced Wages Accepted.

SALEM, O., Nov. 17.—The miners at the Salem company's mine on the Salem railroad, who have been out two weeks on account of a 16-cent reduction, placing them on a 53-cent scale, returned to work, having accepted the company's terms. Two hundred men are employed in the mines.

Miners Get the Old Rate.

BELLAIRE, O., Nov. 17.—The miners at James Turnbull & Co.'s coal mines, one mile west of this city on the Baltimore and Ohio railway, resumed work after a shutdown of several days at the old rate of 61 cents, that figure having been granted them by the operators on last Saturday.

The Latest In Furs.

Fashion in furs shows a mixture of two kinds in one garment, which is very encouraging to those who must remodel their old capes and jackets, and very pretty effects are made with many sable tails and paws in the way of trimming. Persian lamb, chinchilla, sable, sealskin and mouffion, which is light gray in color, are the most fashionable furs, but all the cheaper varieties seem to have their uses. Chinchilla is combined with seal this season, and short capes of sable are used over longer ones of seal. The fur boleros will be a useful fashion for those who have a small amount of fur to be transformed into a fashionable garment. These are very becoming to slight figures, and very stylish with wide revers. The new fur coats are rather short, not so full in the basque as they were last season and have loose fronts.

The Sway of the Sash.

How fascinating are the belts and sashes which form such important items in the fashions of the moment! Close fitting, deep folded belts made of satin or silk are worn with toilets of silk, fine mohair and grass lawn. The newest ribbon belts are finished off with a flat piping on each side of white silk or satin, but if the belt is black or dark in color the piping may be in a light, contrasting shade. Loosely draped sashes look best on youthful figures, and folded belts crossed in front are most becoming to slender shapes. Even plain dresses may be converted into smart, stylish toilets if the belt or sash and the collar and bows are chosen to correspond and in good taste.—New York Advertiser.

Charges a Sale by Fraud.

ST. LOUIS, Nov. 17.—Dwight Braman of Boston, a bondholder of the St. Louis and San Francisco railway, has filed an equity bill in the United States circuit court for the setting aside of the foreclosure sale on the ground of fraud.

Next Step In Venezuelan Affair.

LONDON, Nov. 17.—The next step in the Venezuelan affair will be that Venezuela will empower her plenipotentiary to settle and sign with the British plenipotentiary a treaty referring the boundary dispute to arbitration.

Condition of the Treasury.

IF wars were as numerous as rumors of wars our Uncle Samuel and Spain would soon be in each other's hair.

THE Hon. David B. Hill has spoken, and strangest of all he neglected to tell the interviewer that he was a Democrat.

THE Cleveland banquet developed that Mark Hanna can make a speech almost as well as he can conduct a campaign.

THE Spanish general Weyler must fight or go home, and Weyler seems to have decided on the first part of the proposition.

MR. BRYAN is modest. He told a reporter he would continue to work for silver, but he did not want to be looked upon as a leader.

IF they would place patriotism above party, the Bryanite organs must cease their prating. They cannot howl calamity, and expect to be observed as friends of the country.

IT now looks as though the sound money men will not only control the senate after March 4, but that a little protective tariff can go along with that contemplated revenue measure.

A LIST of the people who have congratulated Major McKinley takes up three columns in the Canton Repository, and the name of this city is found as often, if not oftener, than any other.

OVER in Pennsylvania they are testing the constitutionality of a law which does not allow the giving of false information to a newspaper. What a blessing a similar statute would be in Ohio.

COUNTING between the first elector on the Republican ticket and first elector on the Democratic ticket, the Republican plurality is 50,109. Not so bad for Ohio when that fusion is considered.

MR. ALTGELD has been kind enough to say that he desires no office within the gift of man. That settles the question of his public career. If he can't get it here, he stands mighty little chance of getting it on the other side.

THEY have good sense in Mahoning county. A few years ago the best road to the Trumbull line was in the winter season a sea of mud, but it has been piked, and now they propose to improve other roads. It does not cost a great deal, and the benefit is incalculable.

ONLY GOOD MEN NEED APPLY.

The election of a representative in this county next November makes it necessary for the Republicans to place nothing but the best available timber in nomination at the spring primaries. The position, always important because of the power placed in the hands of the senate and house of representatives, is if anything more important this year than usual. The next legislature will elect a United States senator, and it is but right that Mr. Foraker be given a companion in the senate who will represent Ohio, and not spend the best part of his time showing the world of Washington his wealth. He should be a man who will not think so little of his state that he will want to live in some other, or so little of his constituents that he will never give their needs a second thought. Columbiana is a big county, and its varied interests and and large population are deeply interested in what is done for or against them by their representatives. The next member of the legislature should show their sentiment in this matter, and he should therefore be a trusted man, one who can be depended upon to keep his campaign promises.

A BANQUET TO HANNA.

Cleveland's Most Exclusive Club Showed Him Honor.

CLEVELAND, Nov. 17.—Chairman M. A. Hanna of the Republican national committee was tendered a complimentary banquet last night at the Union club. The affair was planned by some of Mr. Hanna's close friends and warm admirers who are members of the club and the invitations were limited to members of the organization, which is the most exclusive in the city. The arrangements were on an elaborate scale, the floral decorations being among the finest ever seen in this city.

Colonel Myron T. Herrick presided and acted as toastmaster and addresses of a complimentary nature were delivered by Judge William B. Saunders, Hon. James H. Hoyt, Edwin R. Perkins, S. H. Holding, Samuel Mather, James R. Garfield and Samuel D. Dodge of this city and Hon. J. H. Reed of the Pittsburg Sound Money club. Mr. Hanna made a happy response to these addresses.

Mr. Hanna said that two years ago, when the campaign was undertaken for McKinley's nomination, the major said to him:

"Mark, there are some things I will not do to be president of the United States, and I leave my honor in your hands."

Continuing, Mr. Hanna referred to the result of the St. Louis convention and said:

"When I took charge of McKinley's honor, I swore to my Maker that I would return it unsullied, and when I returned from that memorable convention, proud and satisfied with the work his friends had done, I went to Canton and laid my report at the feet of my chieftain, and I said to him:

"'McKinley, I have not forgotten my trust, and bring it back without a blot and not a single promise to redeem.'"

B. AND O. ANNUAL MEETING.

The Report Shows the Road Is Getting In Good Shape.

BALTIMORE, Nov. 17.—The annual meeting of the stockholders of the Baltimore and Ohio railroad has been held here. Reverdy Johnson of Baltimore acted as chairman. The annual report of President Cowan was read and adopted and the following directors were elected:

From Batlimore—William F. Frick, James L. McLain, George C. Jenkins, Alex. Shaw, George A. Von Lingen, Maurice Gregg, William H. Blackford. From New York—General Lewis Fitzgerald, Eugene Delano, Edward R. Bacon, William A. Read, Howland Davis.

The total earnings for the year were $23,944,781, an increase over the previous year of $1,127,599. Net earnings $7,330,359. The operating expenses increased $1,782,376, the total being $17,583,420. The real fixed charges of the property were earned. Payments have been made to retire bonded and other indebtedness, as follows:

Principal car trust bonds, $250,000; principal equipment trust bonds, series B., $200,000; Wheelage car trust payments, $133,777; payment to the city of Baltimore for the purchase of its interest in the Pittsburg and Connellsville railroad, $40,000; cash appropriation to sinking fund, $58,057; Somerset and Cambria railroad traffic bonds, $13,000. Total, $694,834.

The tonnage moved on the entire system during the year 1896 was 17,861,927, the largest in the history of the company.

Will Support Hitt.

NEW YORK, Nov. 17.—Mayor J. P. Gleason of Long Island has been arrested, indicted on a charge of violating the election law in ignoring the Jeffersonian party in the appointment of inspectors He gave $1,000 bond.

Sore Throat or Tonsilitis.

This disease is found most frequently in young persons.

The symptoms are a chilly feeling with more or less aching pains in the back and limbs.

The fever rises very rapidly, especially the evening of the first day. The patient complains of soreness of the throat and difficulty in swallowing.

On examination, the tonsils are seen to be swollen and usually covered with little white points or spots about as large as a pin head. At times the tonsils are only very red and free from spots. The duration of the disease is from three to ten days.

TREATMENT: Give patient a brisk cathartic, keeping the bowels free all the time. Apply applications of some kind to the throat and give Tonsiline in doses of from a teaspoonful for an adult, down to five or ten drops for small children, as directed in table of doses. Using Tonsiline as a gargle—Tonsiline one part, water three parts—every half hour will hasten recovery. Children sometimes complain of severe earache, which can best be eased by dropping warm sweet oil into the ear every hour or two until relieved. Tonsiline is sold by all dealers. Two sizes, 25 and 50 cents.

WEYLER MUST FIGHT.

Will Be Recalled If He Don't Whip the Rebels.

CLEVELAND AWAITS THE RESULT.

If the Captain General Is Defeated, the President May Grant the Rebels Recognition—Consul General Lee Again Confers With Secretary Olney.

WASHINGTON, Nov. 17.—It is learned here on good authority that the Spanish government has given General Weyler to understand that he must push his operations against the insurgents aggressively and vigorously. Unless he soon achieves a decisive victory over the Cubans, it is believed he will be recalled. General Weyler, it is understood, is aware of the alternative and his present campaign in Pinar del Rio is expected to result in an engagement that will put a new aspect on the Cuban situation one way or the other. The campaign therefore has become to him a personal matter, and with the knowledge that his prestige and rank are at stake, the Havana cables are being watched with interest for news of more important battles than the skirmish and guerilla fights that thus far have come by way of them.

General Weyler has all troops that he can use. There are over 200,000 Spanish soldiers in Cuba and the force under the Captain General in his present operations in the field in person is over 60,000 men. Maceo, against whom he is now operating, has under him, it is estimated, about 7,000 men. Spain having fulfilled all of General Weyler's wishes as to troops now expects results from him. Consul General Lee has acquainted the administration with these facts and the president is at present simply awaiting events and will shape his course by the developments.

It is the hope of General Weyler that he will be able to score a decided victory before the assembling of congress Dec. 7. Spain fears averse action by that body soon after it meets, and has urged General Weyler to demonstrate his ability to crush the rebellion within the next two weeks if possible.

In view of the fact that Spain is now making a strong and almost supreme effort to subdue her insurgent colony, and that a crisis apparently is at hand, the president will delay writing that part of his forthcoming message on the Cuban situation until the last moment before the meeting of congress. The position the administration will take with reference to Cuba in this message of the chief magistrate will be largely determined by the news received before Dec. 7. Should the news be favorable to the success of the Spanish arms it is probable that the president would continue to pursue his policy of non-interference; should it, on the other hand, be distinctly favorable to the insurgent cause, and especially if it should happen that Weyler were defeated, Mr. Cleveland, it is possible, might no longer hesitate to recommend the recognition of their rights as belligerents or some other action equally undesirable to Spain.

What action would follow a simply negative result of the campaign, that is a fruitless chase after the insurgents by General Weyler is less clear. Probably the administration's course would be influenced in some measure at least by what representations Spain made as to the policy it would pursue, and the instructions given her new captain general in the event that Weyler were summoned home. Therefore, it is felt here that the most important Cuban news may be expected to come from Cuba are not from Washington.

General Fitzhugh Lee, consul general to Cuba, called at the state department and was with Secretary Olney for half an hour. So far as could be learned there was no special significance in the visit beyond a further general discussion of the situation in Cuba. Reports continue to come from the acting consul general at Havana, and several of these were looked over and later taken by General Lee for a fuller perusal.

The state department has received no reports as to the reported serious engagement outside of Havana.

In connection with General Lee's call on Secretary Olney it is said that the consul general, before returning to Havana, will pay a visit to West Point to see his son there, and that unless present plans are changed Mrs. Lee will accompany him on his return to Havana. The latter fact is taken to indicate that the general does not regard the Havana situation as perilous to Americans.

ABUSED BY SPANIARDS.

They Mistook Shipwrecked British Sailors For Filibusters.

NEW YORK, Nov. 17.—Among the passengers who arrived on board the Ward line steamer Yucatan from Havana were Captain Nelson and 12 of the crew of the British steamer Coila, which ran ashore on Colorado reef on Nov. 4. Later the steamer got off into deep water and Captain Nelson attempted to run her across the strait to Key West, but the water gained so rapidly that they abandoned the steamer which shortly afterward sank in deep water.

The shipwrecked seamen landed on the Cuban coast about 60 miles west of Havana, where they fell into the hands of Spanish soldiers. The Spaniards believing them to be filibusters from the American coast treated the prisoners harshly, threatening to shoot all hands. Finally they were removed to Havana, where they were taken in charge by British consul, who sent them to New York.

The Spanish Loan Taken.

MADRID, Nov. 17.—The government loan of 250,000,000 pesetas has been greatly oversubscribed.

Clay Named For Senator.

ATLANTA, Nov. 17.—Alexander Stephens Clay of Cobb county, chairman of the Democratic state executive committee and ex-president of the state senate, has been nominated for United States senator to succeed John B. Gordon, by the Democratic legislature caucus.

Not Censured by the Pope.

ST. PAUL, Nov. 17.—Archbishop Ireland denies that he has been summoned to Rome or been censured by the pope.

BOUTELLE A CALLER.

Mrs. McKinley Well Enough to Take a Drive With the Major.

CANTON, O., Nov. 17.—Major McKinley has had a great many callers and was kept busy greeting them. His mail, too, was quite heavy, and an hour or two was spent in answering correspondents. The president-elect received Congressman Charles A. Boutelle and had a long talk with him

Mrs. McKinley has greatly improved in health and took a drive with Major McKinley about the city. Both returned much refreshed by the drive.

President-elect McKinley is the recipient of two handsome specimens of the Black Hill species of the American eagle. They came in a large crate, and were sent by the admirers of Major McKinley from Whitewood, S. D. Placards on the crate bore the inscriptions: "Look out for Mark when he reaches out for anything; the tail goes with the hide." The birds are named "Mark" and "Hanna" respectively. The eagles now adorn City park, having been added to the collection of pets in charge of Superintendent Reed.

United States Senator John Sherman of Ohio has just written Major McKinley in which he said: "The greatest beneficiaries of the result of the election are the people of the United States. You will enter upon your great office with the most hopeful promises of success and I confidently believe you will meet and perform your important duties to the satisfaction of the conservative people of the United States."

HORSE SHOW IN CLEVELAND.

President-Elect McKinley May Attend the Event.

CLEVELAND, Nov. 17.—The last detail has been completed in connection with the opening of the Cleveland horse show, which begins at the Central armory this evening. The big barren building has been very tastefully decorated and the plan of the interior completely changed. The body of the building has been transformed into a horse ring, while at either end of the balcony rows of boxes have been arranged, which will furnish accommodations for the wealth and beauty of the city.

Society has indicated that it will attend the show in its full strength. Nearly every box has been taken for the week and the purchasers represent the leaders of society in the city. President-elect McKinley and wife, M. A. Hanna and many other distinguished persons are among those who have signified their intention of attending. Elaborate preparations have been going on for weeks and thousands of dollars have been expended in the perfecting of the ring, the seating arrangements and the making up of the prize lists. The celebrated horses entered for the occasion are legion and the success of the affair is assured in advance.

A PASTOR WILL RESIGN.

Brilliant Young Clergyman to Study New Healing Cure.

HAMILTON, O., Nov. 17.—Rev. Mason W. Pressler, pastor of the United Presbyterian church of this city, a brilliant and popular young clergyman, will resign his pastorate Jan. 1 to take up the study of the new healing science of osteopathy at the original sanitarium in Missouri.

Mr. Pressler's interest in the new treatment grew out of the wonderful cure it worked on his wife, one of whose legs was about to be amputated for a decay or the bone. He has since evinced a remarkable interest in the treatment, but his step occasioned great surprise among his parishioners and friends.

It is the same treatment that Mrs. J. B. Foraker and other prominent Cincinnati ladies are employing, Mrs. Foraker's 4-year-old son having been greatly benefited at the Missouri sanitarium.

HOTEL MANAGER ARRESTED.

A Hostelry at Kenton Fired Four Times In Two Weeks.

KENTON, O., Nov. 17.—The fire department has been summoned twice to extinguish conflagrations at the Reese hotel, not more than one hour apart. This is the fourth attempt in the last two weeks, and the insurance people have employed detectives to unraval the mystery.

The result of their investigations was the arrest of T. C. Van Kirk, the manager of the hotel. Coal oil cans and shavings have been found near mattresses. He was released on bail of $10,000 and will be arraigned for preliminary trial tomorrow. Mrs. Reese and other boarders have employed three special police to watch the house night and day.

TWO PEOPLE KILLED.

They Were Walking on a Railroad Track at Cincinnati.

CINCINNATI, Nov. 17.—J. P. Carpenter, one of the largest lumber dealers of this city and a resident of Covington, Ky., and D. H. Lyons, a prominent architect of this city, have been killed.

They were walking along the double tracks of the Cincinnati, Lebanon and Northern railway talking about business when they were caught by trains going in opposite directions and in their confusion both were killed.

Found a Body In Bits.

CHILLICOTHE, O., Nov. 17.—While at work in a cornfield Daniel Clark uncovered a grave containing human flesh cut up into small bits and supposed to be that of a child. The flesh had been devoured by hogs. A mysterious man with a box in his arms was seen in the field the night before the remains were found. The police are investigating.

Reduced Wages Accepted.

SALEM, O., Nov. 17.—The miners at the Salem company's mine on the Salem railroad, who have been out two weeks on account of a 16-cent reduction, placing them on a 53-cent scale, returned to work, having accepted the company's terms. Two hundred men are employed in the mines.

Miners Get the Old Rate.

BELLAIRE, O., Nov. 17.—The miners at James Turnbull & Co.'s coal mines, one mile west of this city on the Baltimore and Ohio railway, resumed work after a shutdown of several days at the old rate of 61 cents, that figure having been granted them by the operators on last Saturday.

The Latest In Furs.

Fashion in furs shows a mixture of two kinds in one garment, which is very encouraging to those who must remodel their old capes and jackets, and very pretty effects are made with many sable tails and paws in the way of trimming. Persian lamb, chinchilla, sable, sealskin and mouflon, which is light gray in color, are the most fashionable furs, but all the cheaper varieties seem to have their uses. Chinchilla is combined with seal this season, and short capes of sable are used over longer ones of seal. The fur boleros will be a useful fashion for those who have a small amount of fur to be transformed into a fashionable garment. These are very becoming to slight figures, and very stylish with wide revers. The new fur coats are rather short, not so full in the basque as they were last season and have loose fronts.

The Sway of the Sash.

How fascinating are the belts and sashes which form such important items in the fashions of the moment! Close fitting, deep folded belts made of satin or silk are worn with toilets of silk, fine mohair and grass lawn. The newest ribbon belts are finished off with a flat piping on each side of white silk or satin, but if the belt is black or dark in color the piping may be in a light, contrasting shade. Loosely draped sashes look best on youthful figures, and folded belts crossed in front are most becoming to slender shapes. Even plain dresses may be converted into smart, stylish toilets if the belt or sash and the collar and bows are chosen to correspond and in good taste.—New York Advertiser.

Charges a Sale by Fraud.

ST. LOUIS, Nov. 17.—Dwight Braman of Boston, a bondholder of the St. Louis and San Francisco railway, has filed an equity bill in the United States circuit court for the setting aside of the foreclosure sale on the ground of fraud.

Next Step In Venezuelan Affair.

LONDON, Nov. 17.—The next step in the Venezuelan affair will be that Venezuela will empower her plenipotentiary to settle and sign with the British plenipotentiary a treaty referring the boundary dispute to arbitration.

Condition of the Treasury.

WASHINGTON, Nov. 17.—The treasury has lost $34,100 in gold which leaves the true amount of the gold reserve $124,580,751. The net gain in gold at New York was $44,000.

REPLY TO BISMARCK.

German Premier and Foreign Minister Answer Him.

SAY THERE'S NO RUSSIAN TREATY,

But That Peace Rests on the Friendship of the Reigning Families and the Two Sovereigns' Love of Quiet—Clause of Treaty With Austria.

BERLIN, Nov. 17.—The imperial chancellor, Prince Hohenlohe, has made a statement on the subject of the revelations made by Prince Bismarck, through his organ, The Hamburger Nachrichten, regarding the secret treaty which ex-

PRINCE HOHENLOHE.

isted between Russia and Germany from 1886 to 1890, in the reichstag.

He refused to detail any agreements between Germany and Russia, as they were bound by secrecy. He denied that Germany was influenced against Russia by England. He further said: "As to the effect which recent publications have had upon the position of Germany in the dreibund and her relations with other European powers, I am glad to be able to declare that the cloud of distrust, which at the first moment was observable among some classes of the population of these countries, has again disappeared, and our relations with our allies are marked now, as before, by absolute mutual confidence. In the same way our relations with Russia have never for a moment ceased to be good and friendly."

Baron Von Beiberstein, the minister for foreign affairs, denied that Germany had in her agreement with Russia violated the treaties of the Triple Alliance.

He admitted that one clause of the treaty with Austria provides that if Russia attacks Austria, Germany is to rush to her aid, but he also intimated that if Austria attacked Russia the situation might be different.

He further said that while up to 1890 peace between Germany and Russia was maintained by treaty, it now rested on a firmer foundation—friendship of the reigning families and the love of peace of both sovereigns.

COUNCIL OF JEWISH WOMEN.

The Names of the Standing Committees at the Convention.

NEW YORK, Nov. 17.—The second session of the first annual convention of the National Council of Jewish Women opened with Mrs. Hannah G. Solomon

MRS. HANNAH G. SOLOMON.

of Chicago, president of the council, in the chair. The meeting was devoted entirely to routine committee business and reports from sections in the order of states.

The following standing committees were announced by the secretary:

Religion — Miss Julia Felsenthal, chairman, Chicago; Miss Lillie Hershfield, New York; Miss Sarah Lyons, New York; Miss Mary M. Cohen, New York.

Philanthrophy—Mrs. Carrie S. Benjamin, chairman, Denver; Mrs. I. M. Appel, Denver; Mrs. Holzman, Denver; Mrs. Joseph G. Wallack, New York, and Mrs. Pauline Witkonsky, Chicago.

Religious schools—Miss Julia Richman, chairman, New York; Miss Ella Jacobs, Philadelphia; Miss Rebecca Lesem, Quincy, Ills.; Mrs. Emma Schubuer, Kansas City, and Miss Sadie American, Chicago.

Washington Hesing For Mayor.

CHICAGO, Nov. 17.—A new candidate has entered for the mayoralty contest of next spring in the person of Postmaster Washington Hesing. His candidacy is regarded as the first move in the formation of a citizens' ticket.

X Ray Aids the Sight.

SAN FRANCISCO, Nov. 17.—Lucien Bacilgalupi, a totally blind boy, says he can see objects by the use of the cathode ray. Such is the statement made by Dr. Waverly Clark, a physician.

New Internal Revenue Commissioner.

WASHINGTON, Nov. 17.—The president has appointed William H. Forman, ex-congressman from Illinois, to be commissioner of internal revenue to succeed Miller, resigned.

BRYAN GOING HUNTING.

He Discusses Several Matters of Interest With the Reporters.

ST. LOUIS, Nov. 17.—Hon. W. J. Bryan has arrived here to go hunting with Governor Stone and Senator Jones. To reporters at Kansas City he said:

"The administration's idea of civil service is a full permission for all officials to do whatever the administration wants them to do.

"The Democrats who worked with and supported the Republican party in the late campaign will be gladly welcomed again into the ranks of the Democratic party, but only as silver Democrats.

"The Democratic party is now a silver party. There cannot be two Republican parties.

"The charge that grieved me most and was unjust was that I had deserted the Democratic party in 1892 and voted for General Weaver. Those who made the charge knew we had fusion in Nebraska and that I acted upon the recommendation of the chairman of the national Democratic committee. These men will find it very hard now to accuse me of not being a Democrat.

"I am not ready to make my future plans public. I do not intend to lose my residence in Lincoln. I will lecture some. I will engage in nothing that could invalidate my position as the head of the silver forces."

In reply to the question as to his present opinion of the New York speech episode Mr. Bryan said: "I still believe my judgment was right. I was urged by many leaders, when I reached New York, to make a fiery extemporaneous speech. But I was not aiming for that audience alone. I wanted to reach the whole country with a complete exposition of our cause. We had to use the press of the enemy to reach the people. By preparing the manuscript I could give the speech to the papers in advance and be sure it reached the people in a complete form. I had other opportunities to make the sort of speeches that our most enthusiastic supporters wanted. I think I can say that no paper or speaker was able to attack anything, except to make, for themselves, a summing up of the conclusions of that speech. Neither was anyone able to pick out any item in my letter of acceptance and put a hole in it. I am thoroughly satisfied that my New York speech was for the best in the way I made it."

LI VERY LIBERAL.

He Appoints Chinese Lady Delegates to the Woman's Congress.

CINCINNATI, Nov. 17.—Mrs. R. B. Cowen, corresponding secretary of the Methodist Foreign Missionary society, has just received word through missionary channels that Li Hung Chang has appointed two Christian Chinese women delegates for China to woman's congress to meet in London, 1898. This is an innovation on the part of the Chinese government which from time immemorial has kept women in seclusion.

The appointees are Margaret Whang and Dr. Huking Eng. Both were educated in the United States by the Methodist Episcopal church. Dr. Eng graduated from an American medical college, and Miss Whang was educated at Delaware, O.

MISS WILLARD'S WORK

An English Woman Paid Her a High Tribute.

DONE MORE THAN STATESMEN

To Bring Together the Two Greatest Nations on Earth—Giving of Medals to Be Resumed—Mrs. M. B. Carse Reports on the Temple.

ST. LOUIS, Nov. 17.—The W. C. T. U. convention has decided that the giving of W. C. T. U. medals should be resumed; that the appropriations committee shall consist of five, two of whom shall be chosen by the board of superintendents and three by the executive committee. Mesdames Fessenden, Narcissus W. Kinney and Marion Dunham were appointed by the executive committee as members of the appropriations committee. The sub-committee's financial plan was adopted. It provides that:

"Whereas, the membership fee of the National W. C. T. U. is not sufficient for the needs of the work of that committee, it is recommended that the plan

MRS. MATILDA B. CARSE.

presented last year be continued, always providing that no financial agent shall pursue her plans or solicit funds in any state without the consent of the general officers of that state."

The $2 plan for each union, the contribution of which is voluntary, was further recommended and adopted,

Miss Agnes E. Slack of England, secretary of the World's W. C. T. U., was then introduced by Miss Willard. She made a very clever speech and paid a high tribute to Miss Willard.

"No statesman," declared Miss Slack, "has done as much to bring together the two greatest nations of the earth as have Frances Willard and Lady Henry Somerset."

Mrs. M. B. Carse, in her report on the temple, said she had raised $141,398 of the $300,000 needed to buy the trust bonds, and would try to secure the balance this year. The interest on the bonds had been paid. The states subscribing over $1,000 were: Illinois, $4,274; New York, $2,973; Massachusetts, $2,581; Pennsylvania, $2,277; Ohio, $2,237; Michigan, $1,557; Connecticut, $1,133; Maryland, $1,059; Missouri, $1,040.

MANY WERE UNEMPLOYED.

Hon. Carroll D. Wright Gives Figures For the Census Year.

WASHINGTON, Nov. 17.—Hon. Carroll D. Wright, commissioner of labor in charge of the eleventh census, has transmitted to the secretary of the interior a special report on the statistics of occupations.

There were 22,735,661 persons 10 years of age and over engaged in gainful occupations, of whom 18,821,090 were males and 3,914,571 females. Of these 3,013,117 males and 510,613 females, or a total of 3,523,730 persons were unemployed during some part of the census year. Of the whole number of persons so unemployed 1,818,865 were unemployed from one to three months, 1,368,418 from four to six months, and 336,447 from seven to twelve months. This is equivalent, approximately, to 1,139,672 persons unemployed at their principal occupation for the entire 12 months, and this number would represent 5.01 per cent of the total number of persons engaged in gainful occupations. Divided as to sex, the approximate number of males unemployed at their principal occupation for the entire census year was 972,000, representing 5.16 per cent of the whole number of males at work, while the approximate number of females unemployed at their principal occupations during the same period was 167,672, representing 4.28 per cent of the whole number of females at work.

A KNOCKOUT BY MAHER.

He Settled Choynski In the Sixth Round In New York.

NEW YORK, Nov. 17.—Choynski was kocked out in the sixth round by Maher in their fight here. Honors were even up to the sixth round, both getting in good blows. They fought at catchweights, Maher weighing 173 and Choynski 167 pounds. Maher was the favorite at 7 to 5.

The sixth round was as follows: Choynski rushed at Maher and got in a good left on face. Both began slugging with lefts and rights on body and face. Choynski staggered Maher to the ropes with a left on the chin. Then they slugged right and left, but Maher's weight told and Choynski went to the floor. He came up again, but he went down inside of three seconds from another right swing on the head. This time Choynski stayed down for uine seconds, and as soon as Choynski staggered to his feet Maher rushed at him with a well delivered right hand swing on the jaw and knocked Choynski down and out. Time of sixth and last round 2 minutes 25 seconds.

Pettus to Succeed Pugh.

MONTGOMERY, Ala., Nov. 17.—On the first ballot in the Democratic caucus E. W. Pettus was nominated for senator to succeed Senator Pugh.

LOCAL BREVITIES.

Born to Mr. and Mrs. John Rumburger, of Basil avenue, a son.

The household effects of F. Maul arrived here from Van Wert last evening.

Born to Mr. and Mrs. Michael Gribben, Lisbon road, this morning, a daughter.

Squire Morley is again ill, and is unable to attend to his official duties today.

Joe Hester, West End, is suffering from a sprained ankle, the result of too much football yesterday afternoon.

The Daughters of America will visit Eureka council of Chester in a body, Friday evening, in response to an invitation.

Miss Esterly and Miss Henry, teachers of the public schools, have been absent from their charges this week because of illness.

The warm weather is causing the mercury to climb much higher. This morning the thermometer registered 62 degrees.

George Bell, who has been absent from the city for three years, returned last evening. He was employed in Pennsylvania.

The Kanawha is due from Pittsburg this evening. The Hudson passed up from Cincinnati this afternoon. The river is falling.

The saggermakers of the china works are arranging for a big hunt that will be taken in Beaver county toward the end of the week.

Robert Burford left for the east, this morning, in the interest of the Burford pottery. Mr. Burford says the outlook for trade is bright.

J. F. Murphy late editor of the defunct silver organ, the Beacon, moved to Bridgeport last evening. He has secured a position in that city.

The west bound passenger train was half an hour late yesterday afternoon. The bursting of a valve at Rochester was the cause of the delay.

While helping to unload baggage at the passenger station, Mailcarrier Sample was so unfortunate as to have a finger mashed. The injury is painful.

The meeting of Trades council tomorrow evening will be important. Among the business to be transacted will be the election of officers for the coming six months.

In a few days all the damaged pots at the Specialty will be replaced with new ones. Yesterday two pots were put in the plant, and there remains but three more to be placed in position.

The Jethro Indians and Shamrock football teams will meet on the gridiron Thursday afternoon. The Indians will try conclusions with the Wellsville Crescents Saturday afternoon.

A letter received from Miss Lizzie Maas, who has been ill at the home of her sister, Mrs. Arnold, of Detroit, states that she has fully recovered and will return to this city in the near future.

There was war in an uptown home last night. A female member of the family persisted in roaming the streets against the wish of her brother, and the argument waxed so loud that it collected a crowd.

Beginning with this week there is a notable increase in the number of travelers who come to the city. They say that business generally is improving with them, and that there are good prospects ahead.

Charley Reed was overcome by heat at the Grand last evening, and fainted as he started downstairs. He was carried into a drug store, where restoratives were applied, and he thoroughly recovered in a few minutes.

The road between the Specialty and Jethro street is in a wretched condition, and is almost impassible. Last evening the wagon of an expressman got caught in the mud, and it was several hours before it could be removed.

Officer Whan experienced some difficulty in keeping back the crowd from the football field, yesterday, and one man disputed his right so that an arrest seemed probable, but the belligerant recognized the force of the law.

Word has been received here saying that Mrs. Jacob Reed, who removed from this city to Pleasant county, W. Va., about a year ago, died at the latter place last week. Quick consumption was the cause of death. Deceased has relatives living in this city.

The packets report business as improving, but the strange feature of the situation is that the freight into Pittsburg is much heavier than that out. There has been nothing like a boom in river business, but ever since McKinley's election the amount of freight has gone steadily upward.

The family of William Earl, of Fifth street, is in Salineville today attending the funeral of Mrs. Earl's brother, John Smith, who died at his late home in West Newton, last Sunday. Mrs. Joshua Webber and Miss Lida Madison, also relatives of the deceased, are attending the funeral.

The telephone company have for some time been using the public square for the purpose of storing poles, cross arms, and such other material as could not conveniently have been kept under cover. One city official thought yesterday the company should pay rent or move its property to private ground.

REPLY TO BISMARCK.

German Premier and Foreign Minister Answer Him.

SAY THERE'S NO RUSSIAN TREATY,

But That Peace Rests on the Friendship of the Reigning Families and the Two Sovereigns' Love of Quiet—Clause of Treaty With Austria.

BERLIN, Nov. 17.—The imperial chancellor, Prince Hohenlohe, has made a statement on the subject of the revelations made by Prince Bismarck, through his organ, The Hamburger Nachrichten, regarding the secret treaty which ex-

PRINCE HOHENLOHE.

isted between Russia and Germany from 1886 to 1890, in the reichstag.

He refused to detail any agreements between Germany and Russia, as they were bound by secrecy. He denied that Germany was influenced against Russia by England. He further said: "As to the effect which recent publications have had upon the position of Germany in the dreibund and her relations with other European powers, I am glad to be able to declare that the cloud of distrust, which at the first moment was observable among some classes of the population of these countries, has again disappeared, and our relations with our allies are marked now, as before, by absolute mutual confidence. In the same way our relations with Russia have never for a moment ceased to be good and friendly."

Baron Von Beiberstein, the minister for foreign affairs, denied that Germany had in her agreement with Russia violated the treaties of the Triple Alliance.

He admitted that one clause of the treaty with Austria provides that if Russia attacks Austria, Germany is to rush to her aid, but he also intimated that if Austria attacked Russia the situation might be different.

He further said that while up to 1890 peace between Germany and Russia was maintained by treaty, it now rested on a firmer foundation—friendship of the reigning families and the love of peace of both sovereigns.

NEW YORK, Nov. 17.—The second session of the first annual convention of the National Council of Jewish Women opened with Mrs. Hannah G. Solomon

MRS. HANNAH G. SOLOMON.

of Chicago, president of the council, in the chair. The meeting was devoted entirely to routine committee business and reports from sections in the order of states.

The following standing committees were announced by the secretary:

Religion — Miss Julia Felsenthal, chairman, Chicago; Miss Lillie Hershfield, New York; Miss Sarah Lyons, New York; Miss Mary M. Cohen, New York.

Philanthrophy—Mrs. Carrie S. Benjamin, chairman, Denver; Mrs. I. M. Appel, Denver; Mrs. Holzman, Denver; Mrs. Joseph G. Wallack, New York, and Mrs. Pauline Witkonsky, Chicago.

Religious schools—Miss Julia Richman, chairman, New York; Miss Ella Jacobs, Philadelphia; Miss Rebecca Lesem, Quincy, Ills.; Mrs. Emma Schubuer, Kansas City, and Miss Sadie American, Chicago.

Washington Hesing For Mayor.

CHICAGO, Nov. 17.—A new candidate has entered for the mayorality contest of next spring in the person of Postmaster Washington Hesing. His candidacy is regarded as the first move in the formation of a citizens' ticket.

X Ray Aids the Sight.

SAN FRANCISCO, Nov. 17.—Lucien Bacilgalupi, a totally blind boy, says he can see objects by the use of the cathode ray. Such is the statement made by Dr. Waverly Clark, a physician.

New Internal Revenue Commissioner.

WASHINGTON, Nov. 17.—The president has appointed William H. Forman, ex-congressman from Illinois, to be commissioner of internal revenue to succeed Miller, resigned.

BRYAN GOING HUNTING.

He Discusses Several Matters of Interest With the Reporters.

ST. LOUIS, Nov. 17.—Hon. W. J. Bryan has arrived here to go hunting with Governor Stone and Senator Jones. To reporters at Kansas City he said:

"The administration's idea of civil service is a full permission for all officials to do whatever the administration wants them to do.

"The Democrats who worked with and supported the Republican party in the late campaign will be gladly welcomed again into the ranks of the Democratic party, but only as silver Democrats.

"The Democratic party is now a silver party. There cannot be two Republican parties.

"The charge that grieved me most and was unjust was that I had deserted the Democratic party in 1892 and voted for General Weaver. Those who made the charge knew we had fusion in Nebraska and that I acted upon the recommendation of the chairman of the national Democratic committee. These men will find it very hard now to accuse me of not being a Democrat.

"I am not ready to make my future plans public. I do not intend to lose my residence in Lincoln. I will lecture some. I will engage in nothing that could invalidate my position as the head of the silver forces."

In reply to the question as to his present opinion of the New York speech episode Mr. Bryan said: "I still believe my judgment was right. I was urged by many leaders, when I reached New York, to make a fiery extemporaneous speech. But I was not aiming for that audience alone. I wanted to reach the whole country with a complete exposition of our cause. We had to use the press of the enemy to reach the people. By preparing the manuscript I could give the speech to the papers in advance and be sure it reached the people in a complete form. I had other opportunities to make the sort of speeches that our most enthusiastic supporters wanted. I think I can say that no paper or speaker was able to attack anything, except to make, for themselves, a summing up of the conclusions of that speech. Neither was anyone able to pick out any item in my letter of acceptance and put a hole in it. I am thoroughly satisfied that my New York speech was for the best in the way I made it."

LI VERY LIBERAL.

He Appoints Chinese Lady Delegates to the Woman's Congress.

CINCINNATI, Nov. 17.—Mrs. R. B. Cowen, corresponding secretary of the Methodist Foreign Missionary society, has just received word through missionary channels that Li Hung Chang has appointed two Christian Chinese women delegates for China to woman's congress to meet in London, 1898. This is an innovation on the part of the Chinese government which from time immemorial has kept women in seclusion.

The appointees are Margaret Whang and Dr. Huking Eng. Both were educated in the United States by the Methodist Episcopal church. Dr. Eng graduated from an American medical college, and Miss Whang was educated at Delaware, O.

Quebec to Have Stong Defense.

QUEBEC, Nov. 17.—The government has ordered 20 new guns of the latest pattern for the citadel, which will make it one of the strongest defenses in the world.

The Weather.

Fair and decidedly colder by tomorrow; brisk to high southerly winds today, shifting to northwesterly tonight.

MISS WILLARD'S WORK

An English Woman Paid Her a High Tribute.

DONE MORE THAN STATESMEN

To Bring Together the Two Greatest Nations on Earth—Giving of Medals to Be Resumed—Mrs. M. B. Carse Reports on the Temple.

ST. LOUIS, Nov. 17.—The W. C. T. U. convention has decided that the giving of W. C. T. U. medals should be resumed; that the appropriations committee shall consist of five, two of whom shall be chosen by the board of superintendents and three by the executive committee. Mesdames Fessenden, Narcissus W. Kinney and Marion Dunham were appointed by the executive committee as members of the appropriations committee. The sub-committee's financial plan was adopted. It provides that:

"Whereas, the membership fee of the National W. C. T. U. is not sufficient for the needs of the work of that committee, it is recommended that the plan

MRS. MATILDA B. CARSE.

presented last year be continued, always providing that no financial agent shall pursue her plans or solicit funds in any state without the consent of the general officers of that state."

The $2 plan for each union, the contribution of which is voluntary, was further recommended and adopted.

Miss Agnes E. Slack of England, secretary of the World's W. C. T. U., was then introduced by Miss Willard. She made a very clever speech and paid a high tribute to Miss Willard.

"No statesman," declared Miss Slack, "has done as much to bring together the two greatest nations of the earth as have Frances Willard and Lady Henry Somerset."

Mrs. M. B. Carse, in her report on the temple, said she had raised $141,398 of the $300,000 needed to buy the trust bonds, and would try to secure the balance this year. The interest on the bonds had been paid. The states subscribing over $1,000 were: Illinois, $4,274; New York, $2,973; Massachusetts, $2,581; Pennsylvania, $2,277; Ohio, $2,237; Michigan, $1,557; Connecticut, $1,133; Maryland, $1,059; Missouri, $1,040.

MANY WERE UNEMPLOYED.

Hon. Carroll D. Wright Gives Figures For the Census Year.

WASHINGTON, Nov. 17.—Hon. Carroll D. Wright, commissioner of labor in charge of the eleventh census, has transmitted to the secretary of the interior a special report on the statistics of occupations.

There were 22,735,661 persons 10 years of age and over engaged in gainful occupations, of whom 18,821,090 were males and 3,914,571 females. Of these 3,013,117 males and 510,613 females, or a total of 3,523,730 persons were unemployed during some part of the census year. Of the whole number of persons so unemployed 1,818,865 were unemployed from one to three months, 1,368,418 from four to six months, and 336,447 from seven to twelve months. This is equivalent, approximately, to 1,139,672 persons unemployed at their principal occupation for the entire 12 months, and this number would represent 5.01 per cent of the total number of persons engaged in gainful occupations. Divided as to sex, the approximate number of males unemployed at their principal occupation for the entire census year was 972,000, representing 5.16 per cent of the whole number of males at work, while the approximate number of females unemployed at their principal occupations during the same period was 167,672, representing 4.28 per cent of the whole number of females at work.

A KNOCKOUT BY MAHER.

He Settled Choynski In the Sixth Round In New York.

NEW YORK, Nov. 17.—Choynski was kocked out in the sixth round by Maher in their fight here. Honors were even up to the sixth round, both getting in good blows. They fought at catch-weights, Maher weighing 173 and Choynski 167 pounds. Maher was the favorite at 7 to 5.

The sixth round was as follows: Choynski rushed at Maher and got in a good left on face. Both began slugging with lefts and rights on body and face. Choynski staggered Maher to the ropes with a left on the chin. Then they slugged right and left, but Maher's weight told and Choynski went to the floor. He came up again, but he went down inside of three seconds from another right swing on the head. This time Choynski stayed down for nine seconds, and as soon as Choynski staggered to his feet Maher rushed at him with a well delivered right hand swing on the jaw and knocked Choynski down and out. Time of sixth and last round 2 minutes 25 seconds.

Pettus to Succeed Pugh.

MONTGOMERY, Ala., Nov. 17.—On the first ballot in the Democratic caucus E. W. Pettus was nominated for senator to succeed Senator Pugh.

LOCAL BREVITIES.

Born to Mr. and Mrs. John Rumburger, of Basil avenue, a son.

The household effects of F. Maul arrived here from Van Wert last evening.

Born to Mr. and Mrs. Michael Gribben, Lisbon road, this morning, a daughter.

Squire Morley is again ill, and is unable to attend to his official duties today.

Joe Hester, West End, is suffering from a sprained ankle, the result of too much football yesterday afternoon.

The Daughters of America will visit Eureka council of Chester in a body, Friday evening, in response to an invitation.

Miss Esterly and Miss Henry, teachers of the public schools, have been absent from their charges this week because of illness.

The warm weather is causing the mercury to climb much higher. This morning the thermometer registered 62 degrees.

George Bell, who has been absent from the city for three years, returned last evening. He was employed in Pennsylvania.

The Kanawha is due from Pittsburg this evening. The Hudson passed up from Cincinnati this afternoon. The river is falling.

The saggermakers of the china works are arranging for a big hunt that will be taken in Beaver county toward the end of the week.

Robert Burford left for the east, this morning, in the interest of the Burford pottery. Mr. Burford says the outlook for trade is bright.

J. F. Murphy late editor of the defunct silver organ, the Beacon, moved to Bridgeport last evening. He has secured a position in that city.

The west bound passenger train was half an hour late yesterday afternoon. The bursting of a valve at Rochester was the cause of the delay.

While helping to unload baggage at the passenger station, Mailcarrier Sample was so unfortunate as to have a finger mashed. The injury is painful.

The meeting of Trades council tomorrow evening will be important. Among the business to be transacted will be the election of officers for the coming six months.

In a few days all the damaged pots at the Specialty will be replaced with new ones. Yesterday two pots were put in the plant, and there remains but three more to be placed in position.

The Jethro Indians and Shamrock football teams will meet on the gridiron Thursday afternoon. The Indians will try conclusions with the Wellsville Crescents Saturday afternoon.

A letter received from Miss Lizzie Maas, who has been ill at the home of her sister, Mrs. Arnold, of Detroit, states that she has fully recovered and will return to this city in the near future.

There was war in an uptown home last night. A female member of the family persisted in roaming the streets against the wish of her brother, and the argument waxed so loud that it collected a crowd.

Beginning with this week there is a notable increase in the number of travelers who come to the city. They say that business generally is improving with them, and that there are good prospects ahead.

Charley Reed was overcome by heat at the Grand last evening, and fainted as he started downstairs. He was carried into a drug store, where restoratives were applied, and he thoroughly recovered in a few minutes.

The road between the Specialty and Jethro street is in a wretched condition, and is almost impassible. Last evening the wagon of an expressman got caught in the mud, and it was several hours before it could be removed.

Officer Whan experienced some difficulty in keeping back the crowd from the football field, yesterday, and one man disputed his right so that an arrest seemed probable, but the belligerant recognized the force of the law.

Word has been received here saying that Mrs. Jacob Reed, who removed from this city to Pleasant county, W. Va., about a year ago, died at the latter place last week. Quick consumption was the cause of death. Deceased has relatives living in this city.

The packets report business as improving, but the strange feature of the situation is that the freight into Pittsburg is much heavier than that out. There has been nothing like a boom in river business, but ever since McKinley's election the amount of freight has gone steadily upward.

The family of William Earl, of Fifth street, is in Salineville today attending the funeral of Mrs. Earl's brother, John Smith, who died at his late home in West Newton, last Sunday. Mrs. Joshua Webber and Miss Lida Madison, also relatives of the deceased, are attending the funeral.

The telephone company have for some time been using the public square for the purpose of storing poles, cross arms, and such other material as could not conveniently have been kept under cover. One city official thought yesterday the company should pay rent or move its property to private ground.

Caution about the Use and Selection of Spectacles

"Persons having normal vision will be able to read this print at a distance of 14 inches from the eyes with ease and comfort; also will be able to read with each eye separately. If unable to do so your eyes are defective and should have immediate attention. When the eyes become tired from reading, sewing, or if the letters look blurred and run together, it is a sure indication that glasses are needed. The lenses sold in the cheap goods are of unequal density and have imperfectly formed surfaces. Continued use of the poorer lenses will result in positive injury from the constant strain upon it. A question of accommodation to supply the defects in the eyes."

STARTING FROM CANTON

The Eighth Will Mass at the President's Home.

LOWER RATES ARE WANTED

The Railroads Have Promised Half Fare, But Something Better Is Expected—The Regiment Will Live Three Days In the Train.

The officers of the Eighth infantry are so confident of attending the inauguration of President McKinley that arrangements for the trip to Washington are already being made.

The railroads have decided on a half fare rate, but this is not entirely satisfactory, and efforts for tickets still cheaper are being made. Major McKinley will start from Canton, and it is expected that fully 1,000 people will accompany him. It is the intention of the regimental officers to mass the companies at that point, and all other organizations bound for the inauguration from this section of the state will be invited to start with Canton. With this in view a committee has been appointed to make efforts to get a still lower rate than half fare, and it is believed they will be successful. If the regiment goes they want to leave Canton the evening of March 2, arriving in Washington March 3, at noon, and leave Washington on the evening of the 4th, arriving in Canton the 5th, making a three day's trip of it. They expect to go on a train of sleepers and dining cars, and live on the train the entire time. The other organizations will likely do the same.

SIX DIRECTORS CHOSEN

The Hospital Ladies Make Another Good Move.

NONE BUT MEN WERE SELECTED

The Nine Other Members of the Board Will Be Ladies, and Are to Be Elected at the Meeting Next Monday Afternoon. The Project Prospers.

The ladies of the hospital association held the most important session in the history of the organization, yesterday afternoon.

The meeting was called for the purpose of electing 15 directors, ladies and gentlemen who would devote some portion of their time to looking after the needs of the institution after it is built, and who will even now lend what aid they can in placing the project on a firm foundation. It was the intention to have the election fill every place, nominations with that end in view having been made, but at the meeting the selections went no farther than the sterner sex.

Robert Hall and Colonel Hill were elected for the term of three years; Col. J. N. Taylor and Harry Keiffer two years, and George Burford and John Vodrey will remain in office one year.

The meeting was adjourned until next Monday, when the nine lady members of the board will be chosen. The ladies have made excellent progress in the movement, and with the reinforcement to be gained from the new officers expect to move with even greater energy in the future.

SETTLED THE STRIKE.

Lisbon Miners Have All Gone to Work Again.

LISBON, Nov. 17.—[Special.]—The miners employed by Card & Prosser held a conference with representatives of the company last night, and decided to return to work this morning. They struck against a reduction of 16 cents a ton a few weeks ago, and returned to work on a satisfactory basis. For all the coal mined for shipment they are to receive 53 cents, but 69 cents is to be paid for the coal mined for the Lisbon trade. Over 150 men are affected by the compromise.

DROPPED THE CASES.

East End Boys Will Not Answer For Being Noisy.

The cases against the East End boys for disturbing religious service at the Second M. E. church have been dropped from the docket of the mayor. Officer Meanor investigated the charges, and found the complainant had no authority to bring the complaint, and the minister testified to never having a more orderly congregation than on the evening in question.

DISPOSING OF PASTRY.

Tidbits That Capable Housewives Can Make of Left Overs.

It is not always an easy matter to dispose of all the scraps of pastry left after making patties or pies of any kind.

In olden times there were a variety of nice little cakes made of small pieces of fine pastry and garnished with jelly, jams or sweetened creams whipped to a stiff froth and flavored. The well known "wells of Cupid," as they were known in those sentimental days, were nothing more than tiny flat cakes of pastry with a raised ring of pastry laid on them, the cavity in the center being filled with jelly or jam of some bright color.

These "wells" are sometimes made of cold boiled plum pudding, garnished with a creamy hard brandy sauce, and they are then served at the holiday season and known as "wells of Noel." Almost any plain cooky dough may be rolled out and cut up into circles and rings of equal size, and have a ring laid on every circle and the cakes baked. The cavity in the center may be filled with bright red currant jelly.

Those dainty little cakes called "marigolds" may be made of puff paste or any pastry or cake barrier that can be rolled out. They are especially nice made of puff pastry glazed with sugar and baked a golden hue.

Cut out 20 circles of pastry with a fluted cutter about two inches in diameter. Then stamp out an equal number of rings about three-quarters of an inch in diameter. Put these tiny rings in the center of the large circles and stick pieces of blanched and shredded almonds around the centerpieces. Dredge these cakes with sugar and bake them in a quick oven for about ten minutes, or until they are a nice golden brown.

Arrange little strips of red currant jelly lengthwise around the edge between the strips of almond. These represent the petals of the flower. These cakes are troublesome to make, but are nice for a child's party or other gala occasion.

"King Henry's shoestrings" are strips of pastry arranged in four loops in the shape of a St. Andrew's cross. They are decorated with bits of green grape jelly and red currant jelly to represent rubies and emeralds. Where a cooky batter is used pieces of candied cherry and green lime or the prettier candied angelica can be used.

Other cakes may be made in the form of small wreaths made of little leaves of pastry when baked. Bits of bright jelly set in various hollows of the wreath represent blossoms. These are a delight to children.—St. Louis Republic.

Is the Sun Burning Up?

Thousands of curious and ingenious theories have been advanced to account for the effect that the sun, although he has whirled his burning disk across the heavens for untold ages, continues to burn without being consumed or his bulk being lessened in the least. Some of our most learned astronomers believe, or pretend to believe, that the great orb is a ball of gas, but even a great globe of gas would be consumed to its utmost atom in the course of a few thousand years. Others say that fires are kept up by the burning of the remains of wrecked worlds which are constantly falling into its mysterious, burning depths. But even this seems far from probable, and those who take an opposite view declare that it is a monstrously absurd conclusion. In summing up his opinion on the last conclusion one of the most eminent astronomers of the day has figured that a mountain range consisting of 17[illegible] cubic miles could fall into the sun and yet not furnish fuel enough to keep up the present rate of heat for a single second, and that a mass equal to our earth would only furnish heat for 93 years. If these conclusions are correct, we may well ask, Of what wonderful, indestructible substance is our great light giver composed?—Exchange.

Raised an Objection.

SALE OF BONDS.

OFFICE OF THE BOARD OF EDUCATION, East Liverpool, Ohio, Nov. 9th, 1896.

SEALED proposals, addressed to the undersigned and marked on the outside, "Proposals for Bonds," will be received at this office until 6 o'clock p. m., Standard Time, of Saturday, December 19th, 1896, for the purchase on January 1, 1897, of six thousand [$6,000] dollars of bonds to be issued by the Board of Education of the City of East Liverpool, Ohio, for the purpose of providing for the necessary expenses connected with the erection, furnishing and improving of school buildings in said city.

The bonds will be issued under the authority conferred by Section 3994 of the Revised Statutes of Ohio, and by a general election held November 3, 1896. The bonds will be issued in sums of of $500 each; will be dated January 1st, 1897, and will be payable at the rate of $2,000 each year after three years from the date thereof. The bonds will bear interest at the rate of 6 per cent per annum, payable semi-annually by coupons attached thereto, both principal and interest to be payable at the office of the Treasurer of said city.

The bonds will be ready for delivery on January 1st, 1897, and must be paid for on that day in cash or certified check. Each proposal must be accompanied by a certified check on some National bank in the sum of $500, payable to the Clerk of the Board of Education as a guarantee that the bonds will be promptly paid for when ready for delivery. The checks of those to whom the bonds are not awarded, will be returned on or before January 1st, 1897. The bonds will not be sold for less than their par value, and the right and privilege is reserved by the Board of Education to reject any and all bids.

By order of the Board,
W. T. NORRIS, Clerk.

AN ESSAY ON CORNS.

IT CONTAINS THE EXPERIENCE OF AN INQUIRING SUFFERER.

The Reply of a Chiropodist Started an Investigation — Those Who Walk Suffer Most From Corns—How Sidewalks Exercise an Important Influence.

"What makes corns?"

"If people would not walk, they would not have corns," replied the chiropodist emphatically.

The reply was satisfactory as far as it went, but it didn't go far enough, and therefore the sufferer, not being able to rid himself of the pain by riding always, walked and pondered.

He began to notice, when he walked in one direction on one side of a street, that one foot was affected and when he walked in the opposite direction that the other foot was affected. The distress was in the foot that was toward the curb. He could not walk ahead awhile and then walk backward to relieve the pain, because he thought that he might be looked upon as a crank and that such behavior in a public street would be absurd anyway. Then he examined his shoes and observed that the most of the wear was on the outer edges of the soles and heels and that the upper leather had begun to bulge slightly over the worn parts of the soles. When he put his shoes on again, he observed that the leather where it bulged pressed on the painful area of each little toe.

With the results of the observations in mind, the sufferer proceeded, step by step, somewhat painfully at times, to ascertain the cause of the effect on his shoes. He would not acknowledge that he might be bowlegged and unable to wear evenly the soles of his shoes, and nobody who met him could observe any unusual deflection from the ordinary lines of legs. He trod carefully, and, without making himself conspicuous tried to walk on a level, so that the pressure would be equal on the whole surface of each sole. His toeing was moderate—neither too much outward nor too much inward—and at times he succeeded in walking as his mind directed, but usually the distress that he winced from indicated that something was wrong somewhere. The foot on the curb side of the walk was generally distressed more than the other. The fit of his shoes was fair, and for awhile the suffering investigator could not determine the reasons for the tendency to bulge on the sides. He defied any one to prove that the bottled waters that he drank could have an effect on his system that would tend to make him edge toward the gutter. Such an idea ought not to be thought of.

Going somewhat deeper into the subject, beneath the shoes and the painful areas, the investigator gave some attention to the surfaces on which he walked, and stowed away in his memory the characteristics of localities in which he believed he had experiences that were painful, more painful, and most painful, or almost painless. He noticed, for instance, when he walked across an asphalt pavement from one sidewalk to another in certain localities, that his tread was even and that he had little pain. The experience suggested that he could generally have relief by walking on asphalt pavement, but he remembered the arrest of an eccentric pedestrian who insisted on having the privilege of walking in the middle of the street and decided that he would not risk himself in that direction, notwithstanding the relief that might be obtained. He noticed also that the distress was less in some localities than in others and that all sidewalks were not alike. He tried to confine his walks to the localities in which he felt the least distress, but he had to go such a roundabout way to arrive at any particular place, especially his place of business, that the plan had to be abandoned. Besides, he never trod a perfect route—a route that throughout its length had a surface that could be paced without pain. At one point or another the patient investigator felt twinges that were almost unbearable.

Lining up the subject on the best route he could find, he devoted his attention to the spot or block where he had the most severe twinges. That sent him to the sidewalk, describing the action figuratively. He did not drop on his knees, although he had the impulse to do that and to howl also, but he stopped at the curb and thought awhile. He inferred that his sufferings were greater in that particular block because some peculiarity or influence presented itself there. At first the tentacles of thought grasped nothing definitely, but as the pain departed from the affected foot, the powers of vision took hold and the result was a revelation.

As in many great discoveries and revelations, the cause of the effect was very simple—the sidewalk had been graded from the house line to the curb for good drainage, and as the incline was a few degrees more there than in many places it was natural that any one walking there should tend slightly toward the curb. The friction of the soles of the shoes on the sidewalk being greater than the friction of the feet on the inner soles of the shoes, the weight of the body caused the feet to slide sidewise in the shoes. The effects on the feet were different, and the painful effect in one foot and then the other depended on the direction in which the sufferer walked. When the right foot was toward the curb, its small toe was pressed against the leather and tortured, while the left foot by maintaining a level, the worn edge of the left shoe being about equal to the degree of the incline, had very light pressure on either side. Guided by the revelation, the sufferer trod carefully thereafter and kept clear of slanting sidewalks as frequently as possible, but in time he was compelled to acknowledge that the periods of relief from pain were far apart, because the rule is that sidewalks should slant toward the gutter, and the rule is followed generally, and he realized that the chiropodist's reply was accurate.—New York Times.

Who wins in the race? Is it a sick man? Is it a man who is weak? Is it a man whose blood is impure? An athlete trains for every race. The best athletes train all the time. They are always in perfect condition. It is pretty safe to say that the best man will always win. The man who is strong and in the best condition will surely distance his competitors.

In the race for success, the best man will win if he takes care of himself. He cannot win if he neglects his physical condition. It doesn't make any difference how smart he is. If his body isn't strong, he will never finish the race. He must look first for a clear, healthy, strong body, because the body makes and supports the brain. If the heart pumps impure blood into the brain, you cannot expect the man to be clear-headed, you cannot expect him to accomplish much. If a man's blood is pure and rich, there can not be much the matter with him. If it isn't pure and rich, he may have almost any disease under the sun, and Dr. Pierce's Golden Medical Discovery will cure it. It doesn't make any difference what form the disease takes, or by what name it is called. Nearly all diseases spring from impure blood. If you make the blood pure, you remove the cause and cure the disease. That's common sense—and medical sense—and scientific sense.

You might learn a thousand valuable lessons about preserving your health by reading Dr. Pierce's Common Sense Medical Adviser. It is a grand book and the present edition is absolutely free to all who send 21 one-cent stamps to cover cost of mailing *only*. It contains 1008 pages and over 300 engravings. 680,000 cloth-bound copies have been sold at $1.50 each. This free edition is in strong manilla paper covers, otherwise it is just the same. THE WORK GOES ON.

East Liverpool is Interested—It Has Much to do With the Welfare of Our People.

Never out of work.
That's the case with the kidneys.
Twenty-four hours to the day is the time they put in.
They're equal to it when they're well.
But they get sick.
Stooping positions of the body,
Straining, a fall or over-exertion
Often make the kidneys sick.
But the work must go on.
They need a helper.
They ask you for it through the back.
When the back aches it's the kidneys
Calling for assistance.
Neglect their petition and trouble follows.
Serious trouble, urinary trouble, diabetes, Bright's disease.
Doan's Kidney Pills are kidney helpers.
Perfect mechanics in their line.
Help the kidneys and cure their ills.
Hard at it here in East Liverpool,
Relieving tired kidneys, curing sick ones.
The good work goes on.
Here's some evidence of it.

Mrs. Wm. Dunn, of 192 Sixth street, says: "Doan's Kidney Pills did for me what none of the doctors could do. Doctors told me I had gravel and a little relief was all I could expect. I suffered terribly—not only lately, but for two or three years, alternately better and worse, with severe pains across the small of my back and up my sides, particularly my right side. The pains were so severe that I was often obliged to stay in bed, not being able to get up. My limbs used to swell up so I could hardly walk, and periodically would be taken with such severe pains through the groins that I could hardly stand it. The doctors advised hot applications and gave me bottle after bottle of medicine, but I did not receive any real benefit until I procured a box of Doan's Kidney Pills at the W. & W. Pharmacy. Having seen them so highly recommended by others, I took them and am gratified to say that they helped me almost at once, and I have every confidence they will ultimately cure me."

Doan's Kidney Pills are for sale by all dealers, price 50 cents, or sent by mail by Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S.

STARTING FROM CANTON

The Eighth Will Mass at the President's Home.

LOWER RATES ARE WANTED

The Railroads Have Promised Half Fare, But Something Better Is Expected—The Regiment Will Live Three Days In the Train.

The officers of the Eighth infantry are so confident of attending the inauguration of President McKinley that arrangements for the trip to Washington are already being made.

The railroads have decided on a half fare rate, but this is not entirely satisfactory, and efforts for tickets still cheaper are being made. Major McKinley will start from Canton, and it is expected that fully 1,000 people will accompany him. It is the intention of the regimental officers to mass the companies at that point, and all other organizations bound for the inauguration from this section of the state will be invited to start with Canton. With this in view a committee has been appointed to make efforts to get a still lower rate than half fare, and it is believed they will be successful. If the regiment goes they want to leave Canton the evening of March 2, arriving in Washington March 3, at noon, and leave Washington on the evening of the 4th, arriving in Canton the 5th, making a three day's trip of it. They expect to go on a train of sleepers and dining cars, and live on the train the entire time. The other organizations will likely do the same.

NO STANDING ROOM.

The Grand Was Crowded to the Doors Last Night.

The Rentfrow company played to a crowded house last night, and early in the evening there was not comfortable standing room. The play was "Below Zero," and the company did so well as to delight the audience. The play for tonight is the "Devil's Gold Mine," a strong drama giving ample room for the exercise of talent. *

No Humbug.

Foley's Honey and Tar does not claim to perform miracles. It does not claim to cure all cases of consumption or asthma. But it does claim to give comfort and relief in advanced stages of these diseases and to usually cure early stages. It is certainly worth trying by those afflicted or threatened with these dread diseases.

SIX DIRECTORS CHOSEN

The Hospital Ladies Make Another Good Move.

NONE BUT MEN WERE SELECTED

The Nine Other Members of the Board Will Be Ladies, and Are to Be Elected at the Meeting Next Monday Afternoon. The Project Prospers.

The ladies of the hospital association held the most important session in the history of the organization, yesterday afternoon.

The meeting was called for the purpose of electing 15 directors, ladies and gentlemen who would devote some portion of their time to looking after the needs of the institution after it is built, and who will even now lend what aid they can in placing the project on a firm foundation. It was the intention to have the election fill every place, nominations with that end in view having been made, but at the meeting the selections went no farther than the sterner sex.

Robert Hall and Colonel Hill were elected for the term of three years; Col. J. N. Taylor and Harry Keiffer two years, and George Burford and John Vodrey will remain in office one year.

The meeting was adjourned until next Monday, when the nine lady members of the board will be chosen. The ladies have made excellent progress in the movement, and with the reinforcement to be gained from the new officers expect to move with even greater energy in the future.

SETTLED THE STRIKE.

Lisbon Miners Have All Gone to Work Again.

LISBON, Nov. 17.—[Special.]—The miners employed by Card & Prosser held a conference with representatives of the company last night, and decided to return to work this morning. They struck against a reduction of 16 cents a ton a few weeks ago, and returned to work on a satisfactory basis. For all the coal mined for shipment they are to receive 53 cents, but 69 cents is to be paid for the coal mined for the Lisbon trade. Over 150 men are affected by the compromise.

DROPPED THE CASES.

East End Boys Will Not Answer For Being Noisy.

The cases against the East End boys for disturbing religious service at the Second M. E. church have been dropped from the docket of the mayor. Officer Meanor investigated the charges, and found the complainant had no authority to bring the complaint, and the minister testified to never having a more orderly congregation than on the evening in question.

WANTED A GOOD THING.

Wellsville Would Only Play For Big Money.

Manager Stevenson, of the Eclspse eleven, has completed arrangements with the Wilkinsburg Athletic club to play here on Thanksgiving day. The Wellsville team were very anxious to play here that date, as they think they can defeat the home boys, but asked 50 per cent of the gate receipts, which of course, was refused.

FORMING A COMPANY.

Thomas Price Wants the Chelsea In Operation.

Thomas Price, of Cumberland, was in the city on business today. He says the report that a new stock company would assume control and place in operation the Chelsea pottery, was not without foundation, but nothing definite could be given out at present. Mr. Price is interested in the project.

Big Hunting Party.

A party of hunters, 27 in number, from Pittsburg got off the train at Smith's Ferry yesterday, and went back in the country for several days shooting. They are a jovial crowd, and are seeking a good time.

Enlarging a Shop.

The decorating shop at the Globe pottery will probably be enlarged in the near future as the present facilities are not sufficient for the increase in trade. The addition to the clay shop is almost finished.

DISPOSING OF PASTRY.

Tidbits That Capable Housewives Can Make of Left Overs.

It is not always an easy matter to dispose of all the scraps of pastry left after making patties or pies of any kind.

In olden times there were a variety of nice little cakes made of small pieces of fine pastry and garnished with jelly, jams or sweetened creams whipped to a stiff froth and flavored. The well known "wells of Cupid," as they were known in those sentimental days, were nothing more than tiny flat cakes of pastry with a raised ring of pastry laid on them, the cavity in the center being filled with jelly or jam of some bright color.

These "wells" are sometimes made of cold boiled plum pudding, garnished with a creamy hard brandy sauce, and they are then served at the holiday season and known as "wells of Noel." Almost any plain cooky dough may be rolled out and cut up into circles and rings of equal size, and have a ring laid on every circle and the cakes baked. The cavity in the center may be filled with bright red currant jelly.

Those dainty little cakes called "marigolds" may be made of puff paste or any pastry or cake barrier that can be rolled out. They are especially nice made of puff pastry glazed with sugar and baked a golden hue.

Cut out 20 circles of pastry with a fluted cutter about two inches in diameter. Then stamp out an equal number of rings about three-quarters of an inch in diameter. Put these tiny rings in the center of the large circles and stick pieces of blanched and shredded almonds around the centerpieces. Dredge these cakes with sugar and bake them in a quick oven for about ten minutes, or until they are a nice golden brown.

Arrange little strips of red currant jelly lengthwise around the edge between the strips of almond. These represent the petals of the flower. These cakes are troublesome to make, but are nice for a child's party or other gala occasion.

"King Henry's shoestrings" are strips of pastry arranged in four loops in the shape of a St. Andrew's cross. They are decorated with bits of green grape jelly and red currant jelly to represent rubies and emeralds. Where a cooky batter is used pieces of candied cherry and green lime or the prettier candied angelica can be used.

Other cakes may be made in the form of small wreaths made of little leaves of pastry when baked. Bits of bright jelly set in various hollows of the wreath represent blossoms. These are a delight to children.—St. Louis Republic.

Is the Sun Burning Up?

Thousands of curious and ingenious theories have been advanced to account for the effect that the sun, although he has whirled his burning disk across the heavens for untold ages, continues to burn without being consumed or his bulk being lessened in the least. Some of our most learned astronomers believe, or pretend to believe, that the great orb is a ball of gas, but even a great globe of gas would be consumed to its utmost atom in the course of a few thousand years. Others say that fires are kept up by the burning of the remains of wrecked worlds which are constantly falling into its mysterious, burning depths. But even this seems far from probable, and those who take an opposite view declare that it is a monstrously absurd conclusion. In summing up his opinion on the last conclusion one of the most eminent astronomers of the day has figured that a mountain range consisting of 17c cubic miles could fall into the sun and yet not furnish fuel enough to keep up the present rate of heat for a single second, and that a mass equal to our earth would only furnish heat for 93 years. If these conclusions are correct, we may well ask, Of what wonderful, indestructible substance is our great light giver composed?—Exchange.

Raised an Objection.

Councilman Peake objects to teamsters driving over the plank walk at the Eighth street culvert. He thinks the walk would last longer if devoted to the use of pedestrians.

Getting Better.

SALE OF BONDS.

OFFICE OF THE BOARD OF EDUCATION, East Liverpool, Ohio, Nov. 9th, 1896.

SEALED proposals, addressed to the undersigned and marked on the outside, "Proposals for Bonds," will be received at this office until 6 o'clock p. m., Standard Time, of Saturday, December 19th, 1896, for the purchase on January 1, 1897, of six thousand ($6,000) dollars of bonds to be issued by the Board of Education of the City of East Liverpool, Ohio, for the purpose of providing for the necessary expenses connected with the erection, furnishing and improving of school buildings in said city.

The bonds will be issued under the authority conferred by Section 3994 of the Revised Statutes of Ohio, and by a general election held November 3, 1896. The bonds will be issued in sums of of $500 each; will be dated January 1st, 1897, and will be payable at the rate of $2,000 each year after three years from the date thereof. The bonds will bear interest at the rate of 6 per cent per annum, payable semi-annually by coupons attached thereto, both principal and interest to be payable at the office of the Treasurer of said city.

The bonds will be ready for delivery on January 1st, 1897, and must be paid for on that day in cash or certified check. Each proposal must be accompanied by a certified check on some National bank in the sum of $500, payable to the Clerk of the Board of Education as a guarantee that the bonds will be promptly paid for when ready for delivery. The checks of those to whom the bonds are not awarded, will be returned on or before January 1st, 1897. The bonds will not be sold for less than their par value, and the right and privilege is reserved by the Board of Education to reject any and all bids.

By order of the Board.
W. T. NORRIS, Clerk.

AN ESSAY ON CORNS.

IT CONTAINS THE EXPERIENCE OF AN INQUIRING SUFFERER.

The Reply of a Chiropodist Started an Investigation — Those Who Walk Suffer Most From Corns—How Sidewalks Exercise an Important Influence.

"What makes corns?"

"If people would not walk, they would not have corns," replied the chiropodist emphatically.

The reply was satisfactory as far as it went, but it didn't go far enough, and therefore the sufferer, not being able to rid himself of the pain by riding always, walked and pondered.

He began to notice, when he walked in one direction on one side of a street, that one foot was affected and when he walked in the opposite direction that the other foot was affected. The distress was in the foot that was toward the curb. He could not walk ahead awhile and then walk backward to relieve the pain, because he thought that he might be looked upon as a crank and that such behavior in a public street would be absurd anyway. Then he examined his shoes and observed that the most of the wear was on the outer edges of the soles and heels and that the upper leather had begun to bulge slightly over the worn parts of the soles. When he put his shoes on again, he observed that the leather where it bulged pressed on the painful area of each little toe.

With the results of the observations in mind, the sufferer proceeded, step by step, somewhat painfully at times, to ascertain the cause of the effect on his shoes. He would not acknowledge that he might be bowlegged and unable to wear evenly the soles of his shoes, and nobody who met him could observe any unusual deflection from the ordinary lines of legs. He trod carefully, and, without making himself conspicuous tried to walk on a level, so that the pressure would be equal on the whole surface of each sole. His toeing was moderate—neither too much outward nor too much inward—and at times he succeeded in walking as his mind directed, but usually the distress that he winced from indicated that something was wrong somewhere. The foot on the curb side of the walk was generally distressed more than the other. The fit of his shoes was fair, and for awhile the suffering investigator could not determine the reasons for the tendency to bulge on the sides. He defied any one to prove that the bottled waters that he drank could have an effect on his system that would tend to make him edge toward the gutter. Such an idea ought not to be thought of.

Going somewhat deeper into the subject, beneath the shoes and the painful areas, the investigator gave some attention to the surfaces on which he walked, and stowed away in his memory the characteristics of localities in which he believed he had experiences that were painful, more painful, and most painful, or almost painless. He noticed, for instance, when he walked across an asphalt pavement from one sidewalk to another in certain localities, that his tread was even and that he had little pain. The experience suggested that he could generally have relief by walking on asphalt pavement, but he remembered the arrest of an eccentric pedestrian who insisted on having the privilege of walking in the middle of the street and decided that he would not risk himself in that direction, notwithstanding the relief that might be obtained. He noticed also that the distress was less in some localities than in others and that all sidewalks were not alike. He tried to confine his walks to the localities in which he felt the least distress, but he had to go such a roundabout way to arrive at any particular place, especially his place of business, that the plan had to be abandoned. Besides, he never trod a perfect route—a route that throughout its length had a surface that could be paced without pain. At one point or another the patient investigator felt twinges that were almost unbearable.

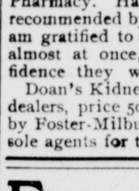

Lining up the subject on the best route he could find, he devoted his attention to the spot or block where he had the most severe twinges. That sent him to the sidewalk, describing the action figuratively. He did not drop on his knees, although he had the impulse to do that and to howl also, but he stopped at the curb and thought awhile. He inferred that his sufferings were greater in that particular block because some peculiarity or influence presented itself there. At first the tentacles of thought grasped nothing definitely, but as the pain departed from the affected foot, the powers of vision took hold and the result was a revelation.

As in many great discoveries and revelations, the cause of the effect was very simple—the sidewalk had been graded from the house line to the curb for good drainage, and as the incline was a few degrees more there than in many places it was natural that any one walking there should tend slightly toward the curb. The friction of the soles of the shoes on the sidewalk being greater than the friction of the feet on the inner soles of the shoes, the weight of the body caused the feet to slide sidewise in the shoes. The effects on the feet were different, and the painful effect in one foot and then the other depended on the direction in which the sufferer walked. When the right foot was toward the curb, its small toe was pressed against the leather and tortured, while the left foot by maintaining a level, the worn edge of the left shoe being about equal to the degree of the incline, had very light pressure on either side. Guided by the revelation, the sufferer trod carefully thereafter and kept clear of slanting sidewalks as frequently as possible, but in time he was compelled to acknowledge that the periods of relief from pain were far apart, because the rule is that sidewalks should slant toward the gutter, and the rule is followed generally, and he realized that the chiropodist's reply was accurate.—New York Times.

Who wins in the race? Is it a sick man? Is it a man who is weak? Is it a man whose blood is impure? An athlete trains for every race. The best athletes train all the time. They are always in perfect condition. It is pretty safe to say that the best man will always win. The man who is strong and in the best condition will surely distance his competitors.

In the race for success, the best man will win if he takes care of himself. He cannot win if he neglects his physical condition. It doesn't make any difference how smart he is. If his body isn't strong, he will never finish the race. He must look first for a clear, healthy, strong body, because the body makes and supports the brain. If the heart pumps impure blood into the brain, you cannot expect the man to be clear-headed, you cannot expect him to accomplish much. If a man's blood is pure and rich, there can not be much the matter with him. If it isn't pure and rich, he may have almost any disease under the sun, and Dr. Pierce's Golden Medical Discovery will cure it. It doesn't make any difference what form the disease takes, or by what name it is called. Nearly all diseases spring from impure blood. If you make the blood pure, you remove the cause and cure the disease. That's common sense—and medical sense—and scientific sense.

You might learn a thousand valuable lessons about preserving your health by reading Dr. Pierce's Common Sense Medical Adviser. It is a grand book and the present edition is absolutely free to all who send 21 one-cent stamps to cover cost of mailing *only*. It contains 1008 pages and over 300 engravings. 680,000 cloth-bound copies have been sold at $1.50 each. This free edition is in strong manilla paper covers, otherwise it is just the same. THE WORK GOES ON.

East Liverpool is Interested—It Has Much to do With the Welfare of Our People.

Never out of work.
That's the case with the kidneys.
Twenty-four hours to the day is the time they put in.
They're equal to it when they're well.
But they get sick.
Stooping positions of the body,
Straining, a fall or over-exertion
Often make the kidneys sick.
But the work must go on.
They need a helper.
They ask you for it through the back.
When the back aches it's the kidneys
Calling for assistance.
Neglect their petition and trouble follows.
Serious trouble, urinary trouble, diabetes, Bright's disease.
Doan's Kidney Pills are kidney helpers.
Perfect mechanics in their line.
Help the kidneys and cure their ills.
Hard at it here in East Liverpool,
Relieving tired kidneys, curing sick ones.
The good work goes on.
Here's some evidence of it.

Mrs. Wm. Dunn, of 192 Sixth street, says: "Doan's Kidney Pills did for me what none of the doctors could do. Doctors told me I had gravel and a little relief was all I could expect. I suffered terribly—not only lately, but for two or three years, alternately better and worse, with severe pains across the small of my back and up my sides, particularly my right side. The pains were so severe that I was often obliged to stay in bed, not being able to get up. My limbs used to swell up so I could hardly walk, and periodically would be taken with such severe pains through the groins that I could hardly stand it. The doctors advised hot applications and gave me bottle after bottle of medicine, but I did not receive any real benefit until I procured a box of Doan's Kidney Pills at the W. & W. Pharmacy. Having seen them so highly recommended by others, I took them and am gratified to say that they helped me almost at once, and I have every confidence they will ultimately cure me."

Doan's Kidney Pills are for sale by all dealers, price 50 cents, or sent by mail by Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S.
